TENTATIVE AGREEMENT

between

AMERICAN AIRLINES, INC.

and

THE TWU/IAM FLEET EMPLOYEE ASSOCIATION

covering

FLEET SERVICE EMPLOYEES

of

AMERICAN AIRLINES, INC.

Effective: date - XX

THE TWU-IAM ASSOCIATION
Sisters and Brothers,

This package contains the tentative agreements submitted to you for your ratification vote. As you know very well, the process of negotiating this agreement has been a long and tough fight. Two proud unions came together to form an Association that married our strength and solidarity to deal with the world’s largest airline. The end result proves that the effort has been well worth your support.

The agreements to be voted on are the best in the industry. We reached parity and improvements on important benefits like sick-time, vacation and holidays. Retirement accruals will be second to none for our classifications and we preserved the pre-merger healthcare benefits as they applied to each pre-merger group.

Seniority applications have been merged into a single system that protects your seniority in the classification of your work and, for the first time, allows you to have seniority rights across the entire new American Airlines system. Your jobs are protected on the system and at your station and, more importantly, the work you do is protected in a way that ensures good union jobs will exist at American Airlines for generations to come.

Pay rates, overtime, holiday pay and profit sharing, taken all together, will lead the industry by any measure. Significantly, the formulas for that compensation are locked-in with iron clad language in these agreements.

We urge you to review this material, visit the Association website at twu-iam.org and the TWU and IAM websites to see the highlights, and make an educated vote – a vote that will guarantee an improved future for you and your family for a long time to come. Your negotiators are proud of these tentative agreements and so are we. Everyone involved in negotiating these contracts recommend a YES vote and encourage you to do your part by voting in the ratification.

Specific details of voting locations, the date of the vote and times are available from your local representatives, on the Association website and on the TWU and IAM websites.

C. For each profit sharing year, the Company will calculate profit sharing award payments as follows:

1. An amount equal to 10 percent (10%) of the dollar amount of American Airlines Group Inc.’s (“AAG”) Pre-Tax Earnings up to $2.5B for that year, and, an amount equal to 20 percent (20%) of the dollar amount of AAG’s Pre-Tax Earnings above $2.5B for that year will be attributed to a profit sharing pool (“Total Profit Sharing Pool”).

5. Other non-covered employees in Class II stations may perform work which comes within this Article provided such work does not exceed twenty-five percent (25%) of such non-covered employee’s scheduled work hours measured on a quarterly basis. The Company will not use this provision in a manner that directly results in an increase in the number of positions in another craft or class and a corresponding decrease in the number of Fleet Service craft or class positions.

D. Annual Departure Threshold Calculation/Change in Station Classification:

1. Each year on April 5th (beginning on April 5th of the first calendar year following the year this Agreement becomes effective) the Company will calculate a twelve (12) month annual average weekly lookback on mainline jet departures at each station (excluding Class I stations identified in paragraph C.1. above or any replacement station if designated as a Class I station). 2. All New Stations will be classified initially as Class II stations even if the scheduled mainline weekly jet departures are one hundred and seventy-five (175) or higher. In the next year after being designated a New Station, paragraph D.2. above will apply for purposes of determining whether any such New Station should be reclassified from Class II to Class I (i.e., on April 5th of the following year after becoming a New Station, such New Station shall be reclassified as Class I if the scheduled mainline weekly jet departures are one hundred and seventy-five (175) or higher) and cannot be reclassified as a Class II station.

After the effective date of this Agreement, there will be no adjustments to Company seniority.

B. All references in this Agreement to “Seniority” will mean Classification Seniority, (previously known as ‘Occupational Seniority' at pre-merger American Airlines), except where specific reference is made to Company or Pay seniority.

C. Classification Seniority is defined as continuous service in Fleet Service, in any classification group e.g. Ramp, Control Center and Central Load Planning and Crew Chiefs within each classification group. Classification Seniority will begin to accrue from the first day worked in the Fleet Service Classification and shall be applied to bidding of shifts/days off, filling of vacancies, promotions, demotions and displacements/recalls. Adjustments to Classification Seniority based on past seniority policies and/or collective bargaining agreements will remain in place. After the effective date of this Agreement, there will be no adjustments to Classification seniority, with the exception of furloughs that extend beyond five (5) years.

D. Pay Seniority shall begin to accrue from the first day worked in the Fleet Service Classification and shall be the same as Classification Seniority for a newly hired employee. Pay Seniority may be different from Classification Seniority at locations implementing flexible starting rates. Pay Seniority will be adjusted for time lost due to various unpaid leaves of absence and unpaid suspensions extending beyond sixty (60) calendar days and furloughs that extend beyond ninety (90) calendar days. Military, Union, Overage, Unpaid Family Leave and Unpaid Occupational Injury on Duty leaves will not result in an adjustment to Pay Seniority. These employees will be eligible to utilize all retained Classification Seniority to return to the bargaining unit in the event of a reduction-in-force, or failure to pass probation in the new position provided their retained seniority places them senior to the junior full-time employee in the location. If not senior to the junior full-time employee in the station, these employees will be eligible to return to the bargaining unit on a system displacement. Additionally, with Managing Director approval, these employees will be eligible to use retained Classification and Pay Seniority to bid for system vacancies in the event of a voluntary or involuntary demotion.

3. Paragraph H. is also applicable to furloughed employees who accept manager positions within the Customer Experience group.

I. 1. Employees who transfer to positions outside the bargaining unit, other than those described in paragraph H. above, shall retain, but not accrue, all previous Fleet Service Classification Seniority and Pay Seniority for a period of six (6) months following such transfer. Employees who wish to return to a Fleet Service position within six (6) months of the effective date of their transfer from Fleet Service or who are affected by a reduction-in-force, demotion, or failure to pass probation in the new position within this six (6)
month period, will be eligible to utilize all retained Classification Seniority to return to their former position and location provided a vacancy exists in their former classification group. Under this paragraph a vacancy is deemed to exist when the actual compliment of employees is below the authorized number and no award has been made to fill the vacancy. When no vacancy in their former location exists, employees are eligible to bid for system vacancies during the six (6) month period. Following this six (6) month period these employees shall forfeit all previous Fleet Service Classification and Pay Seniority. This paragraph is also applicable to furloughed employees who accept positions higher than a first line supervisor.

2. 3. Make up time (the employee will be eligible to work a like period of time on a scheduled shift at a time selected by the employee. Such employee will notify the company of the shift to be worked as far in advance as practicable,
but no later than the day prior to the shift they have selected to work. The shift must be worked within thirty (30) calendar days of the absence and will be paid at straight time rates); or

4. When an employee is absent due to adverse conditions and is unable to report to work, he will not receive regular pay for that day. The employee at his option may use any other compensated time off (excluding block vacation and sick) to make up his wages for time missed when absent due to adverse conditions.

5. When an employee is unable to report to work due to adverse conditions for an overtime shift, the employee will not be charged overtime hours for equalization purposes.

6. If any of the above applies, an employee will not be charged with an absence/tardiness under the attendance control policy.

J. Airport or Facility Closure - Employees will be notified by the Company of the closure and shall receive a minimum of half of their regular scheduled hours pay at the regular hourly rates, unless notified that there will be no work at the close of the last shift he worked, or sixteen (16) hours before the start of his regular work shift, whichever period is shorter. The employee at his option may use any other compensated time off (excluding block vacation and sick) to make up his wages.

K. As a result of severe weather/natural disaster, the Company may in its discretion provide hotel rooms, meal vouchers and transportation to and from the hotel to those employees necessary to maintain the operation.
WORK SCHEDULES

L. Work schedules will be rebid based on the needs of the service, approximately every one-hundred-twenty (120) days, or a minimum of three (3) times per calendar year.

1. The duration of a work schedule will not exceed five (5) months except by mutual agreement between the Company and the Local Union.

2. The frequency of work schedules may be increased subject to the requirements of the service or decreased by mutual agreement between the Company and the Local Union.

3. The Company will forward to the ranking Local Union Representative a copy of the shift bid / work schedule for the station. The shift bid / work schedule will include scheduled shift hours and scheduled days off.

4. The Company will meet with the Local Union Representative or designee to consider input from the Union when establishing shift schedules at each location.

5. The Local Union Representative or designee on duty is allowed to be present during the bidding process if not electronic, and is allowed to review the results of the bidding process if electronic.

6. Separate work schedules will be posted for each applicable duty assignment. Award of work shifts, including scheduled start time, shift length, scheduled days off and work area(s) shall be based on Classification seniority.

M. Work schedule selections between duty assignments will be combined once per calendar year where combination (crossover) bids are currently administered or where these combination (crossover) bids are mutually agreed upon between the Company and the Local Union.

1. As a result of a crossover bid, the maximum amount of employees that may crossover between departments will be limited to ten percent (10%) of the smaller workforce, or three (3) employees, whichever is greater.

N. Employees who report for their regularly scheduled shift on their succeeding workday with less than seven and one-half (7½) hours, as a result of working overtime, will be paid one and one-half (1.5X) times their regular hourly rate for their regular scheduled shift. Alternatively, employees may elect to adjust their scheduled start time on their succeeding workday to provide an off-duty rest period of seven and one-half (7½) hours. Employees will receive straight time pay for
the paid rest period and will be required to work the remaining hours of their regular scheduled shift. This paragraph does not apply when the reduced rest period is a result of schedule rebids or shift trades.

O. Employees will be given a minimum of fourteen (14) days’ notice when a schedule rebid is to take place. Work schedules are posted for bid by active employees, as far in advance as practical, or a minimum of seven (7) calendar days. All information and shifts relating to work schedules, work areas and days off selection will be posted prior to the commencement of the selection process, unless currently or otherwise agreed to between the Company and the Union. Once the bidding process is completed, schedule bid awards will be posted a minimum of seven (7) calendar days prior to the effective date of the new work schedule. Employees unavailable to bid at their appointed bidding time, may bid by proxy, or by other means established locally.

1. Active employees who fail to bid will be assigned by Classification seniority an available work schedule within the duty assignment after completion of the bid. Active employees who report late for bidding, but while the bidding process is ongoing, will be permitted to bid on remaining available lines at the time they report.

2. An employee on an authorized leave of absence or off due to occupational injury will be permitted to bid in a rebid of the work schedule provided the Company receives, prior to the start of the bidding period, a notice certifying his return to work date which must be within thirty (30) days of the effective date of the bid. If the leave is for medical reasons, the certification of return to work must be signed by the employee’s treating physician.

3. Employees returning to active duty from an authorized leave of absence or occupational injury will be assigned to their previous duty assignment. Such employees who were not permitted to bid the most current work schedule may be assigned a shift and days off within their previous duty assignment consistent with their seniority. If needs of service do not allow the employee to be assigned a shift and days off consistent with their seniority, the Company will rebid the work schedule within thirty (30) days.

P. Employees transferring or displacing into the classification or duty assignment who were not permitted to bid the most current work schedule will be permitted to request, but may be assigned an available work schedule (shift start times and scheduled days off) within the duty assignment until the next work schedule rebid.

Q. There shall be no rotation of shifts. Except for open-time employees, all shifts and days off will be fixed and will be awarded by Classification seniority. Each scheduled line of work may contain multiple start times.
R. The Company will establish as necessary the number of Fleet Service Crew Chiefs and Fleet Service Agents for the needs of the service on each shift in all duty assignments at any station, subject to the terms of this Agreement.

S. Employees temporarily assigned to a higher classification shall receive the higher rate of pay for all time worked in such classification. Employees temporarily assigned to a lower paying classification shall not have their rates of pay reduced.

T. The Company will post open time lines of work with two (2) consecutive days off each week, with the exception of Monday and Sunday. Where four-day work weeks are implemented, open time employees may be scheduled for four (4) scheduled days and three (3) consecutive scheduled days off, with the exception of Saturday, Sunday and Monday or Sunday, Monday and Tuesday.

1. Employees designated as open-time will bid work schedules as determined by management based on the needs of service. Such work may be a mixture of shifts, classifications and/or duty assignments within a workweek covering lost time, vacancies and vacations.

U. During a bid period, if it becomes necessary to temporarily adjust employees’ work schedules, duty assignments, scheduled start times, the following procedures will apply:

1. When it becomes necessary to adjust scheduled start times, employees subject to adjustment will be given a minimum of seven (7) calendar days’ notice, except in extreme emergencies. If the employee is not given appropriate notice, the affected employee will be compensated at one and one-half times (1.5X) his regular hourly rate for the first day on the new shift.

2. Employees may be reassigned between duty assignments and job assignments on a given shift based on needs of the service.

3. The Company will identify the affected employees, considering existing staffing levels in classifications, job assignments/duty assignment and starting times. Schedule adjustments and reassignments involving changes to shift start times will be offered to affected employees in seniority order. When there are insufficient volunteers, employees will be assigned in reverse seniority order.

4. In the event these adjustments are expected to exceed thirty (30) days in duration, within the first thirty (30) days of such adjustments, the Company shall post the fourteen (14) day notice for a work schedule rebid for the affected duty assignment as provided in paragraph O. above.
5. Any temporary adjustment to an employee’s scheduled start times will not eliminate any shift differential applicable to the shift to which he is regularly assigned.
MEAL PERIODS

V. Meal periods will be thirty (30) minutes, except when a longer period is agreed upon between the parties.

W. Meal periods will be scheduled to begin not earlier than three (3) hours after commencement of work that day and end not later than five and one-half (5-1/2) hours after commencement of work that day, provided, however, that to the extent applicable law requires that employees covered by this Agreement be provided with different break and meal periods than are set forth in this Agreement and such law cannot be waived by the parties, an employee shall be entitled to the more generous break and meal period schedule provided by applicable law or this Agreement. The commencement of work is from the start of the employee’s regular shift. In the event that a meal period has not been provided within the prescribed time period, the employee is then free, if he so desires, to take his uninterrupted meal period and receive an additional thirty (30) minutes pay at time and a half. However, the parties recognize that in the interest of customer service, an employee who is engaged in flight operations work may be required to complete his assignment prior to beginning this meal period, provided the completion of his assignment does not result in this meal period beginning after the sixth hour.
X. An employee unable to report for duty will, unless prevented by reasons beyond his control, notify his immediate supervisor or other central point set up for reporting purposes by the Company as far in advance of the scheduled starting time of his shift as possible. Notwithstanding the above, an employee may flex his starting time up to fifteen (15) minutes without pay or penalty to the attendance record, twice per calendar year.
ARTICLE 15 - SHIFT TRADES/SWAPS

A. An employee may trade shifts or days off with another qualified (as determined by local management) employee in accordance with the following provisions, provided, however, that to the extent applicable law requires the Company to pay any employees covered by this Agreement for shift trades at overtime wage rates and such law cannot be waived by the parties, such affected employees will not be eligible for shift trades.

B. The request must be in writing and signed by both employees involved (or submitted electronically where a location utilizes Workbrain or a similar electronic reporting method). The request shall be submitted for approval to the immediate supervisor, or his designee, of the employee who initiates the shift trade.

C. The Company may, at each location, establish deadlines for submitting shift trades, but such deadline will not be earlier than 4:00 p.m. local time for any shift trade to be effective the following day. Local management may approve shift trade requests outside the established deadline. Such approval shall not be unreasonably withheld.

D. Employees who trade shifts become responsible to work the shift so agreed to as if it were part of their regular work schedule. Failure to report to work as scheduled (No call/No show only) for a shift trade will result in an attendance occurrence or a suspension of shift trade procedures of no more than ninety (90) days.

E. If an employee agrees to work for another employee as a result of a shift trade and later calls in sick, he will be paid for all hours, provided he has sufficient hours in his sick bank.

F. Probationary employees are not eligible to participate under these provisions.

G. No overtime payment will be paid to an employee as a result of working another employee’s shift under these provisions.

H. An employee who has agreed to work for another employee may trade the entire or any portion of the obligation with one (1) other employee. This shift trade will count towards the semi-annual maximum as described in paragraph L. below, and the shift cannot be further traded.

I. Shift trades resulting in an overlap of up to one-half (1/2) hour during the first or last thirty (30) minutes of the scheduled shift may be approved subject to the needs of service.
J. Employees may work a maximum of sixteen (16) paid hours during a twenty-four (24) hour period as a result of shift trades.

K. Employees may shift trade to work back to back double shifts (more than thirteen (13) paid hours) once per workweek as outlined below:

1. The Company may disapprove any shift trade for any employees where the Company finds that there is evidence of a pattern of abuse and/or evidence that the employee’s productivity, safety, or job performance is adversely affected as described in K.3. below.

2. There must be a minimum of seven (7) hours rest between each of the double shifts worked back to back.

3. In the event the Company finds any evidence of an adverse impact on the employee’s performance, productivity or safety, the employee’s manager shall discuss the concerns with the employee. Following the discussion, should the Company again find further indications of an adverse impact to the employee’s productivity, safety or job performance, then the employee’s back to back shift trades will be suspended for six (6) months. Any grievance filed as a result of the suspension of back to back double shift trades will be limited to the factual question of whether the employee was advised of the company concerns over the adverse impact to their performance, safety or productivity and such grievance will end prior to the System Board of Adjustment/Arbitration step of the grievance process.

L. Employees may shift trade off their regularly scheduled shift up to sixty-four (64) times per each six (6) month period from January 1 through June 30 and July 1 through December 31.

M. Employee shift trades between classifications will be allowed. A Crew Chief’s premium pay will not be reduced as a result of a shift trade into a lower classification, and he may be required to perform Crew Chief duties (utilizing a Crew Chief while on a shift trade is not intended to circumvent overtime procedures). A qualified agent working a shift trade for a Crew Chief will receive Crew Chief premium.

N. Employees may trade their full shift or a portion thereof, with no more than two (2) employees. The minimum partial-shift trade will be one hour. Partial trades must be in one-half (1/2) hour increments. Any partial shift trade counts as one towards the allowable semi-annual shift trade maximum.

O. Shift trade start time exchanges on the same day, and shift trades involving an exchange of shifts within a thirty (30) day period, will not count toward the allowable semi-annual shift trade maximum.
P. In circumstances where shift trades have been approved and where any employee who is scheduled to work for another employee is unable to do so, (e.g., due to leave of absence, transfer, termination, jury duty, schedule rebid, training, etc.), the Company reserves the right to cancel an approved shift trade provided seven (7) days’ notice is given to affected employees.

Q. Employees will be permitted to use accrued compensatory time or Day-At-A-Time (DAT) vacation to be compensated for an approved shift trade off provided the employee requests the applicable time at the time the shift trade is submitted for approval. These shift trades will not count toward the semi-annual shift trade maximum.

R. Employees may not shift trade to work while on a vacation day.

S. The number of shift trades off semi-annually afforded to employees covered by this agreement will not be more restrictive than those afforded to any other group.
ARTICLE 16 - COMPENSATION

During the period of this Agreement, the rates of pay for the workgroups covered by this Agreement will be in accordance with the Wage Schedules as specified below:

The chart hourly rates of pay as set forth in this Article shall be effective on the first Monday after the date of ratification.

An employee’s base pay will mean the chart rate plus any applicable premiums and/or differentials and will apply to the calculation of pay for any overtime application, vacation pay, holiday pay, sick leave pay, travel pay, field work, furlough or severance pay, sick leave conversion to an HRA and pay for occupational illness or injury (OJI).

C. Step progression will become effective on the employee’s pay seniority anniversary date.

D. Future year general increases to pay, already included in `s A and B above, will be applied on the first day of the first pay period following the effective date of the increase.

E. Crew Chiefs will receive $2.20 per hour premium above the applicable chart rates listed above. The premium will increase to $2.40 per hour beginning the first day of year four (4) of this Agreement (DOR +36).

F. Control Center Coordinators (CC) will receive $3.20 per hour skill premium above the applicable Ramp Service Agent chart rates listed above.

G. Flexible Starting Rates

1. In the event that the Company, in its sole discretion, finds that any or all of its starting pay rates (YOS 0-1) as specified in this Article, are non-competitive with local market starting rates for similarly situated jobs, the Company may hire applicants in any classification at any station at rates of pay higher (YOS 1-2) through the maximum hourly rate in the applicable pay scale) than those starting rates specified in this Article. As market conditions change, the Company may, in its sole discretion, change its designated starting rate. Such designated starting rate may be higher or lower than previous designated starting rates; however, such starting rate may not be lower than (YOS 0-1) nor higher than the maximum hourly rate in the applicable pay scale.

2. In those stations where higher starting rates of pay are designated in accordance with this Article, all employees in that classification(s) at that station who are receiving less than the new designated starting rate of pay will have their rate of pay concurrently increased to the new designated higher starting rate for that classification(s) in that station.

3. An employee receiving a flex rate of pay will remain at that pay step on the pay scale until such time that his seniority reaches a point that would allow him to advance to the next step.

4. An employee who transfers to or from a station which has an adjusted starting rate of pay for his classification will have his rate of pay adjusted upward or downward to conform to the rate of pay received by an employee with the same Pay seniority as his, at his new station. Such adjusted rate may not be less than (YOS 0-1) nor higher than the maximum hourly rate in the applicable pay scale.
5. It is understood and agreed that the effective dates of step increases and other changes in pay rates are determined by the employee's pay seniority.

H. In the event a payday falls on a Federal Reserve Bank legal holiday, the Company will make every effort to have paychecks prepared and distributed on the day preceding such legal holiday.

I. Employees will be paid bi-weekly on Fridays. An itemized statement will be included setting forth all wages, overtime and listed deductions for the pay period.

J. An employee who permanently transfers at his own request to another workgroup (Ramp, CCC or CLP) as provided in this Agreement will continue to receive his same hourly rate but, in no event, will his hourly rate exceed the maximum rate for the workgroup/classification to which he transferred.

1. If he transfers to or from a station with an adjusted starting rate of pay for his classification, he will have his rate of pay adjusted to conform to the rate of pay received by an employee with the same pay seniority as his at his new station, prior to being slotted onto the new pay scale.

2. If his hourly rate at the time of such transfer is not the same as any regular rate per hour for the workgroup to which he transferred (Ramp, CCC or CLP), he will immediately receive the nearest higher regular rate per hour for such classification.

3. Thereafter, the employee shall progress on the normal progression scale in the new workgroup/classification. In the case of a transfer from a higher to a lower workgroup/classification caused by a reduction in force under this Agreement, the above rules will apply.

K. An employee who permanently transfers at his own request to another classification of work as provided in any other Association Agreement will continue to receive his same chart hourly rate but, in no event, will his chart hourly rate exceed the maximum rate for the classification to which he transferred.

L. If his chart hourly rate at the time of such transfer is not the same as any regular chart rate per hour for the classification to which he transferred, he will immediately receive the nearest higher chart regular rate per hour for such classification. Thereafter, the employee shall progress on the normal progression scale in the new classification. In the case of a transfer from a higher to a lower classification caused by a reduction in force under this Agreement, the above rules will apply.
ARTICLE 17 - SHIFT DEFINITION/DIFFERENTIAL

A. Shifts are defined based on the scheduled starting time, as follows:

1. Shift 1: Employees scheduled to report to work at or after 0600, but before 1200. An employee assigned to Shift 1 will not receive a shift differential.

2. Shift 2: Employees scheduled to report to work at or after 1200, but before 1800. An employee assigned to Shift 2 will receive a shift differential of fifty-one cents (.51₵) per hour.

3. Shift 3: Employees scheduled to report to work at or after 1800, but before 0600. An employee assigned to Shift 3 will receive a shift differential of fifty-eight cents (.58₵) per hour.

B. An employee will receive the shift differential applicable to the shift to which he is regularly assigned. The applicable shift differential will be included with the employee’s chart rate in the calculation of pay for overtime, vacation, holiday, shift trade/swap, sick leave benefit and benefits paid for absence due to an occupational illness or injury compensable under the applicable Workers’ Compensation law.

C. An employee assigned to a work schedule that includes a combination of Shift 1 and Shift 2 during a workweek will receive fifty-eight cents (.58₵) per hour shift differential. An employee assigned to a work schedule that includes a combination of Shift 3 with either Shift 1 or Shift 2 during a workweek will receive sixty-one cents (.61₵) per hour shift differential.
ARTICLE 18 - OVERTIME

A. The Company shall determine the number of overtime hours to be worked. Overtime hours are defined as additional hours worked at the Company’s request, over and above an employee’s scheduled hours and does not refer to rate of pay.

B. Where the Company determines that overtime is required, such overtime will be offered to qualified employees on an equalized basis to those employees who are signed up. All eligible employees will be considered available for overtime.

C. The Company will maintain two (2) voluntary overtime lists for each duty assignment and classification: one (1) list for those employees volunteering to work less than four (4) hours of anticipated overtime, which shall be referred to as the “shift extension overtime list;” and one (1) list for those employees volunteering to work four (4) hours or more of voluntary overtime, which shall be referred to as the “overtime list”. Only those employees signed up on the above lists will be contacted. The Company will establish the method by which the employees make themselves available and will be proffered the overtime. Separate lists will be maintained for Crew Chiefs.

D. Employees will be equalized for actual overtime hours worked and, if signed up on the overtime lists, for actual overtime hours offered and refused and for those overtime hours for which the signed up employee could not be contacted, up to a maximum of sixteen (16) hours per day. Employees who do not sign up on the overtime list will not be charged any hours eligible to work for the purpose of equalization unless they work the overtime. Daily overtime totaling less than thirty (30) minutes will not be charged for equalization purposes.

E. All overtime shall be computed in one (1) minute increments. When an employee works overtime in conjunction with his regular shift, he will be entitled to a minimum of one (1) hour of overtime at the applicable rate to complete an assignment and perform other assignments. The one (1) hour minimum will not be subject to any overtime sign-up/distribution rules, seniority, or equalization. An employee who completes the assignment and elects to leave prior to the one (1) hour minimum, will be compensated for the time actually worked.

F. Shift extension is overtime which is anticipated to be less than four (4) hours. Shift extension overtime will be offered to those employees whose shift begins or ends closest to, but within four (4) hours, of the expected overtime need.

1. Shift extension will be offered to employees who are signed up on the availability list on an equalized basis in the following order:

   a. Employees in the workgroup, duty assignment and classification.
b. Qualified employees in the workgroup and classification, but outside the duty assignment.

c. Employees in the workgroup and duty assignment, but outside the classification.

d. Qualified employees in the workgroup, but outside the duty assignment and classification.

e. Qualified employees outside the workgroup, duty assignment and classification.

2. Upon exhausting the shift extension overtime list, overtime will be offered to:

   a. Employees in the duty assignment who were not signed up on the overtime list, but volunteer to work the overtime.

   b. Qualified employees outside the duty assignment who were not signed up on the overtime list, but volunteer to work the overtime.

   c. Mandatory assignment as described in paragraph Y. of this Article.

G. In addition to the shift extension, employees who are offered shift extension which is not continuous with their regular shift will be paid from the end of their shift to the beginning of the shift extension, or from the end of the shift extension to the beginning of their shift.

H. Overtime which is four (4) work hours or more will be offered first to full-time employees.

   1. Overtime will be offered to employees who are signed up on the availability list on an equalized basis in the following order:

      a. Full time employees in the workgroup, duty assignment and the classification.

      b. Qualified full time employees in the workgroup and classification, but outside the duty assignment.

      c. Full time employees in the workgroup and duty assignment, but outside the classification.

      d. Qualified full time employees in the workgroup, but outside the classification and duty assignment.
e. Qualified full time employees in the classification, but outside the workgroup and duty assignment.

f. Qualified full time employees outside the workgroup, duty assignment and classification.

g. Qualified part time employees in the workgroup and duty assignment.

h. Qualified part time employees in the workgroup, but outside the duty assignment.

i. Qualified part time employees outside the workgroup and duty assignment.

2. Upon exhausting the overtime list, overtime will be offered to:

a. Employees in the duty assignment who were not signed up on the availability list, but volunteer to work the overtime.

b. Qualified employees outside the duty assignment who were not signed up on the availability list, but volunteer to work the overtime.

c. Mandatory assignment as described in paragraph Y of this Article.

I. Employees are considered eligible for overtime except when:

1. Not available to work the entire overtime period. A one-half (1/2) hour overlap of the scheduled shift and overtime period shall be permitted except when needs of service do not permit. The one-half (1/2) hour overlap will be paid as part of the regular shift, and will not be considered part of the overtime shift;

2. Scheduled off for an entire shift for vacation, voluntary time off (VTO), training, authorized Company business, authorized Union business, jury duty, compensatory time, sick leave (paid or unpaid), any type of leave of absence (paid or unpaid), suspension (paid or unpaid), bereavement leave, occupational injury leave (paid or unpaid), or mandatory reservist training with orders. In these instances, employees will be ineligible for the entire day except that they may volunteer to work prior to mandatory assignment overtime;

3. Not qualified to perform the overtime work offered.

4. The acceptance of overtime will result in less than seven and one-half (7.5) hours of rest prior to the start of the employees next regularly scheduled
shift. However, these employees will be eligible for overtime and short turn pay in accordance with Article 14 N. once the overtime lists are exhausted.

J. Open-time employees, on a scheduled work day, are considered for overtime within the classification and duty assignment they are working. An open-time employee on a scheduled day off will be considered available for overtime offered within the duty assignment the employee last worked on a regularly scheduled work shift except that shift trades are not considered.

K. Transferred employees including change of station, in-station transfers, part-time to full-time, full-time to part-time and new employees, will use the average overtime hours in their new duty assignment for the purpose of equalization.

L. If two or more employees have the same equalization within the provisions as outlined in paragraphs F. and H. of this Article, the overtime will be offered to the senior employee.

M. When conditions change which would no longer necessitate the overtime that has been awarded to an employee, such overtime may be canceled provided a minimum of four hours’ notice is given. In the event overtime is canceled with less than four hours' notice, the employee awarded the overtime shift will be offered to work a minimum of four (4) hours or the duration of the overtime period offered, whichever is less, at the applicable rate. This provision is not applicable to same day shift extension overtime which may be canceled at any time.

N. When an error in overtime distribution is discovered four (4) hours or less prior to the start of the overtime shift, the employee originally awarded the overtime shift will be offered to work a minimum of four (4) hours, or the duration of the overtime period offered, whichever is less, at the applicable rate. In addition, the Company will attempt to contact the correct employee in accordance with paragraphs P. and Q. below who will be offered to work the original overtime shift.

O. Employees who accept overtime will have thirty (30) minutes in which to relinquish the award. Following the thirty (30) minute period, employees will be responsible to work the overtime shift. Employees who accept overtime may not trade this obligation with another employee.

P. Overtime equalization lists will be reset quarterly to zero and maintained by duty assignment. The quarterly resets will occur prior to offering overtime for January 1, April 1, July 1, and October 1. Employees’ names shall be listed in classification seniority order on all overtime equalization lists. Overtime equalization lists will be posted in each station on a daily basis.

Q. Prior to making an overtime call, the Company will make available to the Union Representative a copy of the appropriate overtime distribution list. When no Union Representative is present, a copy of the list will be made available to the Crew
ARTICLE 18 - OVERTIME

Chief. Once the list has been made available, the Company will proceed to call overtime.

1. Employees will be contacted at the phone number on the overtime lists, or may accept overtime in advance as described in 1.c. below. It will be the employee’s responsibility to ensure that these lists have the correct phone number indicating that the employee is to be contacted.

a. In the event of a no-answer or a voicemail answer for an employee who is on duty, the company will attempt to contact the employee at work and provide the employee a period of ten (10) minutes in which to respond. While the Company is attempting to contact the employee, it will continue to distribute available overtime shifts, but will reserve a number of like overtime shifts (same shift start time and duration) equal to the number of no-answers for on-duty employees, until each ten (10) minute time period expires.

b. In the event of “no answers” or “voicemail answers” for employees off-duty, a second call will be made prior to calling the next employee on the list. The Company will continue the overtime calling process but will leave a voicemail. Should an off-duty employee return the overtime call, he will be permitted to accept any remaining available overtime.

c. Employees may also accept overtime by indicating an auto-accept on the overtime list. The auto-accept option will only be available for overtime offered for future dates (i.e., auto-accept will not be available if the overtime is for the same day). It shall be the responsibility of an employee who has auto-accepted to check by a method designated by the Company, with input from the Association, to determine if overtime has been assigned.

2. When overtime is offered, the Company will make every effort to advise the employee of the duty assignment and where practical the work area within the duty assignment.

R. Upon request from the Union, the company will provide the record of overtime hours charged, calls made, time of the call, person calling, number called and response. Overtime hours will be charged at the time of proffer and will be posted daily.

S. If an employee(s) was bypassed for overtime, he will be paid the equal number of hours bypassed at the applicable rate. The bypass payment will be limited to only the employee(s) who should have been offered the overtime, based solely on the information on the overtime call sheets which are used at the time of the overtime distribution. The employee(s) will be charged the appropriate hours for equalization.
purposes. An employee(s) who was not signed-up for overtime, cannot be considered bypassed.

T. The Company may prohibit any employee from working overtime where it would result in more than sixteen (16) continuous hours, excluding unpaid meal periods. Employees who have worked sixteen (16) continuous hours may not be assigned additional overtime unless such overtime is due to an emergency situation.

U. A daily overtime qualifier will be used to determine overtime rates on work days. Workdays are defined as regularly scheduled or “shift trade worked” days.

1. There will be a minimum daily eight (8) hour overtime qualifier which must be satisfied prior to being eligible for overtime rates for hours worked at Company request on a scheduled workday. Employees are paid straight time rates for regularly scheduled hours worked and shift trade hours worked, regardless of the length of the shift.

2. The daily qualifier for determining overtime eligibility will include all regularly scheduled hours worked, plus any shift trade hours worked, and additional hours offered by the Company worked at straight time rates up to a combined maximum of eight (8) hours.

3. After the daily overtime qualifier has been met, additional hours worked at the Company request will be paid at one and one-half times (1-1/2 x) the regular hourly rate for the first four (4) hours worked, and two (2) times the regular hourly rate for all hours thereafter.

V. A weekly overtime qualifier will be used to determine overtime rates on days off. Days off are defined as “regularly scheduled” or “shift trade off” days.

1. There will be a weekly forty (40) hour overtime qualifier which must be satisfied prior to being eligible for overtime rates on any day off.

2. The forty (40) hour weekly overtime qualifier will include regularly scheduled hours worked, additional hours offered by the Company worked at straight-time rates, authorized union business hours, paid vacation hours including day-at-a-time vacation (DAT), paid compensatory time off, plus shift trade hours worked.

3. After the weekly overtime qualifier has been met, overtime will be paid at one and one-half times (1-1/2 x) the regular hourly rate up to eight (8) hours on an employee’s first day off of overtime worked and two (2) times the regular hourly rate for all overtime hours worked thereafter, except as provided for in items 4 and 5 below.
4. Employees must work a minimum of four (4) hours at time and one-half (1-1/2 x) on their first regularly scheduled day off in order to be paid two (2) times the regular hourly rate for all overtime hours worked on their second (or third) regularly scheduled day off. If the employee has not worked four (4) hours at time and one-half (1-1/2 x) on his first scheduled day off, he will be paid one and one-half times (1-1/2 x) his regular rate until he completes such four (4) hours on his second or third regularly scheduled day off. If an employee works on his second scheduled day off without having worked his first scheduled day off he will be compensated for that day as though it were the first scheduled day off.

5. After the weekly qualifier has been met, employees who shift trade to be off and who work overtime on that day off, shall be paid a maximum rate of time and one-half (1-1/2 x) for the first eight (8) hours of overtime worked and two (2) times the regular rate for all overtime worked thereafter.

W. An employee who shift trades into a duty assignment different from their scheduled duty assignment will be considered for overtime based upon their originally scheduled duty assignment.

X. A one-half (1/2) hour unpaid meal period will be provided to an employee working an overtime shift in excess of five and one-half (5-1/2) hours. An employee working overtime will not be required to work more than two (2) hours continuously after the regular work period without being permitted an unpaid meal period.

Y. Mandatory Assignment of Overtime

Mandatory overtime will only be used when the Company determines it is essential to meet the minimum needs of service and all voluntary options will be exhausted prior to utilizing mandatory overtime.

When the required coverage period is expected to be four (4) hours or less, the additional hours will be assigned to employees in reverse order of seniority, in the following order.

a. Part-time employees in the workgroup and duty assignment whose shifts begin or end within one (1) hour of the required coverage period.

b. Full-time employees in the workgroup and duty assignment whose shifts begin or end within one (1) hour of the required coverage period.
c. Qualified part-time employees in the workgroup, but outside the duty assignment whose shifts begin or end within one (1) hour of the required coverage period.

f. Qualified full-time employees outside the workgroup whose shifts begin or end within one (1) hour of the required coverage period.

g. If no employees fall within the above parameters, then the distribution procedure described in 2 below, will apply.

In the above situations, employees may actually be assigned hours in excess of four as a result of the start/end time of their shift and the start/end time of the required coverage period. When this occurs, it is not a violation of this section of the article so long as the required coverage period was expected to be four hours or less.

2. Required coverage period in excess of four (4) hours.

When the required coverage period is expected to be in excess of four (4) hours, the additional hours, will be assigned to eligible employees in reverse order of seniority in the following order.

3. Rotation of Mandatory Assignment

A rotation method for the assignment of mandatory overtime may be established locally when the Company determines that mandatory overtime may be frequently required during specified periods of time. The rotation method used will be mutually agreed to by the Company and the Union.

4. The Company will make reasonable efforts to give employees a minimum of two (2) hour notice for mandatory overtime.

E. A period of seven and one-half (7-1/2) hours or more during which an employee is not traveling or working will break the continuity of paid hours for overtime purposes.

F. During such assignment, the employee will, while away from his station, be paid a per diem in keeping with Article 20 for meals and actual reasonable expenses for lodging and transportation. G. At those stations where there is no existing procedure governing the assignment of field work, such a procedure will be established.

This provision will not require such notice to employees exercising seniority under Article 12 (Reductions in Force).

G. Compensation for Training

1. Full-time employees required to attend training on a scheduled workday will receive pay for the actual classroom hours, plus any hours worked. Where actual classroom hours, plus hours worked, exceed the full-time employee’s regularly scheduled paid hours for the day (8 or 10 hours), employees will be compensated at the applicable rate.

2. Full-time employees attending training on a scheduled day off will be paid the number of actual classroom hours, at the applicable rate with a minimum of eight (8) hours. When a full-time employee is required to complete training on his day off and completes it in less than 8 hours, the full-time employee will be required to continue training to complete the 8 hour time period unless the employee consents to less time and in such a situation will be paid the actual number of classroom hours.

Travel time in this Article will begin sixty (60) minutes before the scheduled departure of the flight actually taken by the employee (or any earlier flight for which he stood by) and will end thirty (30) minutes after the actual gate arrival at the airport of destination.

1. Full-time employees traveling to and/or attending training away from the geographic location of their station on a scheduled workday will be compensated for a minimum of their regularly scheduled paid hours for the day (8 or 10 hours). The time of departure and return will be provided by the employee and included on his expense statement for such assignments. Such employee will not be entitled to the foregoing hourly per diem during periods of time he has returned to his residence or station inclusive of travel time during personal time off from field service, special assignment or training.

2. For International field service, where the employee’s total reimbursable meal and incidental expenses (as established by Company Policy) exceed his total daily per diem allowance and upon submission of actual receipts, the employee shall be reimbursed up to an amount equivalent to the difference between his total daily per diem allowance and the amount provided for under the M&IE rates published by the State Department (www.state.gov).

The employee must immediately notify his existing manager that he contacted his new station point-of-contact.

3. The Company will provide necessary paperwork and/or arrange positive space transportation to the new station within seven (7) business days of the employee making contact with the new station. 2. The Company shall give at least seven (7) days' notice of any reduction in the required complement on any of the foregoing holidays.

F. It is understood that vacation accruals shall be due from January 1, after the employee completes required specified years of service period.

G. A full-time employee must have eighty (80) paid hours (All Paid Hours) in a month to accrue Future Vacation Days for the month. A part-time employee must have forty (40) paid hours (All Paid Hours) in a month to accrue Future Vacation Days for the month. Time spent on unpaid FMLA, Military, Union and Occupational injury leaves shall count towards the eighty (80) hour or forty (40) hour requirement. Employees receiving furlough allowance will not be eligible to accrue Future Vacation Days. For the first sixty (60) calendar days employees on an unpaid Medical or Personal leave will be eligible to accrue vacation as if active full-time eighty (80) hour requirement and part-time forty (40) hour requirement.

H. Vacations will be bid separately for full-time and part-time employees and will be awarded based on Company seniority. Vacation bids may be bid separately by classification and/or duty assignment.

I. Prior to the vacation bidding selection process, the Company shall determine the total number of weeks accrued for all employees within each vacation bid area. Once that number is determined, with DAT days included, it will be divided by fifty-two (52) to determine the weekly liability. Within each vacation bid area, the number of Fleet Service employees off each week during the following year, will be no less than thirty (30%) percent of the weekly liability in a vacation bid area.
If the total accrued weeks are fifty-two (52) or less in a vacation bid area a minimum of one (1) employee shall be allowed off during each week of the following year.

J. Vacations will be bid in full week increments on a single round basis and will be posted with all weeks beginning on Mondays.

K. Employees will be required to bid a minimum of two (2) weeks’ vacation annually. Vacation days in excess of ten (10) can be taken as DAT days as provided below. Prior to bidding vacation for the following year, employees will be required to designate the number of vacation weeks they will bid and the number of DAT days they will set aside. DAT days can be used in full day increments only.

L. If a holiday falls within an employee’s vacation period, he will receive holiday pay in addition to vacation pay.

M. Awarded vacation periods will be scheduled concurrent with the employee’s regularly scheduled days off. These vacation periods will be assigned before or after the scheduled days off, so that the majority of the vacation days fall during the week that was awarded. Regularly scheduled days off for an open-time employee for an awarded vacation period will be Saturday and Sunday the week prior to and the week of their vacation period.

N. Trading of vacation periods is not permitted. Bid vacation periods may not be cancelled unless another vacation period can be simultaneously awarded.

O. The Company will provide the Union with a listing of all of the vacated vacation weeks. Based on the needs of service, the Company will offer, at least once per quarter, vacation periods that are or become available. The available vacation period will be awarded to the senior employee in the vacation bid area who submits a bid for that week. This provision will not apply when the Company has less than 30 days’ notice of such vacated vacation period.

P. The Company will honor an employee’s awarded or assigned vacation period that falls within the first (30) days of his report date as a result of being transferred, recalled/re-employed or involuntarily displaced to a different station or different vacation bid area. The employee may be required to reschedule their awarded vacation period(s) that are scheduled beyond the first thirty (30) days of the report date. If sufficient vacation weeks are not available, the Company will make every effort to designate additional weeks sufficient to accommodate the employee’s remaining vacation or at the employee’s option, convert to DAT days.
Q. Vacation hours not taken during the calendar year will be paid. Vacation will be paid by the end of January of the following calendar year at the employee’s regular hourly rate of pay on December 31st from the preceding year.

R. DAT vacation requests must be submitted in writing by the employee no less than seven (7) days prior to the requested day off. DAT vacation requests will be awarded based on the needs of service in seniority order within the classification, duty assignment and shift, no later than three (3) days prior to the day requested.

S. DAT designation must be submitted no later than October 1st for the following calendar year. The Company shall post available vacation weeks by October 15th. Employees shall complete their bid by November 15th and the Company will post the vacation awards by December 1st.

T. Employees will be eligible to bid the number of weeks according to the chart below when their Future Vacation Days are equal to or exceed the minimum accrual in accordance with their Company seniority. Five (5) Future Vacation Days must be available in order for the employee to bid a week of vacation. If an employee has not yet reached their maximum Future Vacation Days accrual, based on their seniority level by the time of vacation bidding for the Vacation Usage year, estimated vacation accrual for the remaining year will be added to the year to date Future Vacation Days up to the maximum.

U. Employees who fail to bid will be bypassed. Bypassed employees who report late for bidding will be permitted to select from any remaining open vacation weeks at the time they report for bidding. Bypassed employees who fail to report for bidding during the bid process will be assigned vacation weeks from the remaining open vacation weeks.

V. An employee on an authorized leave of absence as defined in this Agreement, or off due to occupational injury on the date of the annual vacation bid will be permitted to bid vacation provided they give the Company notice of their intent to bid by October 1st. Employees who do not bid will be permitted to bid on remaining available weeks of vacation upon their return.

W. No employee will be required to use his vacation while on OJI. Upon an employee’s return from an OJI, the employee will choose from open vacation periods, if any exist. Vacations not able to be accommodated by reassignment to an open week by the end of the calendar year will be paid out by the end of January in the following calendar year.

X. Upon an employee’s termination, retirement, reduction in force, or resignation from the Company, provided he gives two (2) weeks’ notice, unused accrued vacation and compensatory time will be paid at the employee’s current regular hourly rate of pay.
ARTICLE 24 - SICK LEAVE

A. Employees earn sick leave hours per calendar month up to a maximum of eighty (80) sick leave hours per year for full-time employees and fifty (50) sick leave hours per year for part-time employees. There will be a maximum accrual cap of one thousand six hundred (1,600) hours in an employee’s sick leave bank. A full-time employee must have eighty (80) paid hours (All Hours Paid) in a month to accrue sick leave for the month. A part-time employee must have forty (40) paid hours (All Hours Paid) in a month to accrue sick leave for the month. For purposes of this paragraph, time spent on Military, Occupational Injury leaves, or unpaid FMLA leaves shall count towards the eighty (80) hour requirement for full-time employees and forty (40) hour requirement for part-time employees. Employees receiving furlough allowance will not be eligible to accrue sick leave.

1. Full-time employees accrue eight (8) hours of sick leave for each month whether working a five (5) day, or a four (4) day workweek and regardless of the shift length.

2. Part-time employees accrue five (5) hours of sick leave for each month, regardless of the shift length or number of days scheduled in the workweek.

B. Except as specified in this Article, only hours absent due to illness or injury of the employee which are not compensable under the applicable Workers’ Compensation Laws will be paid for from his allowed sick leave. Payment will be based on the employee’s regular hourly rate. Employees shall be paid at 100% beginning the first (1st) day of any illness provided they have sick leave remaining in the bank.

C. During an illness, the number of hours paid will be charged against the accumulated hours. For each succeeding month of service, eight (8) hours will be credited for full-time and five (5) hours credited for part-time to the employee until the total credit again reaches one thousand six hundred (1,600) hours. Sick leave usage within a pay period and sick bank balance will be reflected on the employee’s pay stub.

D. Employees who have more than, one thousand six hundred (1,600) hours in their sick bank as of DOR, will be grandfathered and will not accrue sick leave until such time their sick leave bank drops below one thousand six hundred (1,600) hours.

E. An employee unable to report for duty will, unless prevented by reasons beyond his control, notify his immediate supervisor or other central point set up for reporting purposes by the Company as far in advance of the scheduled starting time of his shift as possible.
F. The employees and the Union recognize their obligation of being truthful and honest in preventing unnecessary absences or other abuses of sick leave privileges. Employees may be required to present confirmation of illness and the Company reserves the right to require, when in doubt of a bona fide claim, a physician's certificate to confirm such sick claim. Abuse of sick leave privileges may subject the employee to disciplinary action up to and including termination.

G. The intended purpose of the sick leave benefit is to protect the earnings of the employee during necessary absence from work due to illness or injury, and to aid the employee in meeting bills when sickness or injury have temporarily taken away his ability to work.

H. During an employee’s absence due to an occupational illness or injury compensable under the applicable Workers’ Compensation Law, he will receive from the Company the following benefits:

1. For the first twenty (20) work days absent, the difference between his regular hourly rate of pay and Worker’s Compensation payments, if any;

2. At the conclusion of the period referred to in (1) above, an employee drawing Workers’ Compensation may, at his option, draw upon his accrued sick leave up to the extent of his accrual at the rate of up to one half regular pay. However, the sum of his Workers’ Compensation weekly payments plus his sick pay benefits will not exceed the employee’s regular weekly pay. Corresponding deductions will be made from his available sick leave accrual.

3. These benefits will be in lieu of any other payment provided for in this Article for all absences due to the same illness or injury.

I. Upon separation from the Company, an employee will be paid nine-dollars and twenty cents ($9.20) for each hour of accrued sick leave in her/his sick bank.

J. To the fullest extent permitted by law, this Agreement shall operate to waive the provisions of any sick leave laws that are inconsistent with the terms of this Agreement, and shall supersede and be considered to have fulfilled all requirements of such laws. To the extent applicable law is inconsistent with the terms of this Agreement, and such law is not waivable, an employee shall be entitled to the more generous sick leave protections provided by applicable law or this Agreement.
ARTICLE 25 - LEAVES OF ABSENCE

A. All requests for leaves of absence, or extensions, shall be submitted to the Company, in writing on the proper form. The Company will provide a monthly report to the Local Committee/TWU Local President listing the employees covered by this Agreement who are on a leave of absence.

B. Personal Leave of Absence: When the requirements of the operation will permit, an employee may be granted an unpaid Personal Leave of Absence, referred to as "PLOA," for any period of up to one (1) year. A request for PLOA must be submitted to the Company in writing in accordance with paragraph A. above. The request will state the reason for the leave and the duration of the leave. An approved PLOA will be granted in writing and will specify the expiration date of the leave. When a PLOA is granted, the employee will retain and continue to accrue seniority during the entire period of the leave.

1. If the initial leave is requested for less than one (1) year and the requirements of the operation will permit, a PLOA may be extended for additional periods such that the total leave does not exceed one (1) year. A request for an extension of a PLOA must be submitted and approved prior to the expiration date of the current leave.

2. An employee on a PLOA may submit a request to terminate his leave prior to the expiration date of the leave. The request must be in writing and the Company's response to the request will be in writing.

3. Based on the requirements of the operation, the Company may cancel any PLOA at any time prior to the expiration date of the leave. In the event the Company elects to cancel a PLOA, the affected employee will be notified in writing not less than fourteen (14) calendar days prior to the effective date of the cancellation.

C. Adoption/Maternity/Paternity Leave: Upon request and when accompanied by the required documentation substantiating the need for such leave, an employee will be granted an unpaid adoption/maternity/paternity leave of absence of up to eight (8) weeks, and for any additional period that may be required by applicable law. For maternity leave, the employee must exhaust all sick time before going unpaid.

1. Adoption leave will commence on the date the employee takes custody of the child or the date the child is placed in the employee's home. Maternity/paternity leave will commence on the day the infant is born.

2. The Company may require adoption/maternity/paternity leave to run concurrently with FMLA leave (if such leave otherwise qualifies as FMLA leave). If the employee has exhausted or exhausts FMLA Leave prior to or...
during this eight (8) week period, the Company will grant adoption/maternity/paternity leave of up to, but no more than, eight (8) total weeks from the birth or adoption of the child unless an additional period is required by applicable law.

D. **Family Medical Leave Act:** Employees will be eligible for leave from work pursuant to the terms of the Family and Medical Leave Act (FMLA) of 1993, as amended. When approved FMLA leave is taken for an employee’s own qualifying serious health condition, the employee must exhaust all sick time and may also, at his option use any accrued vacation or other paid time off before being placed on unpaid status.

1. When approved FMLA leave is taken for any other reason provided for under FMLA, the employee may at his option use accrued vacation or other paid time off prior to going unpaid, but cannot use sick time unless required by state law. An employee granted a leave of absence under the provisions of FMLA, referred to as a Family Leave of Absence or "FMLA," will retain and continue to accrue seniority during the leave.

E. **Union Leave:** Employees accepting full time employment with the Union (TWU Local Officers, IAM District Lodge Representatives, IAM/TWU International Representatives) shall, during such employment, be granted an indefinite leave of absence by the Company. Such leave will not affect the seniority status of the employee and all employee benefits shall continue in effect during his leave of absence.

1. TWU Local Presidents will have their base hourly rate paid by the Company while in office based on a forty (40) hour work week, as if active.

2. For any other employee(s), who are required for bona fide Union business, leaves of absence of thirty (30) days or more will be granted if a written request is submitted to the employee’s supervisor at least thirty (30) days (or less if mutually agreed to) in advance to accommodate the request. This advance notice requirement will also apply to any request for an employee to attend a Union Convention. When the employee is on union business there will be no interruption to the employee’s pay and benefits, but the Company will bill the Union as applicable, for the employee’s salary plus an 8% override for tax and benefit related expenses. Failure of the responsible party to pay the billing will result in the termination of the union leave for the affected employee.

3. For any other employee(s), who are required for bona fide Union business, of less than thirty (30) days will be granted reasonable time off if a written request is submitted to the employee’s supervisor in advance to accommodate the request. When the employee is on union business there will be no interruption to the employee’s pay and benefits, but the Company
will bill the Union as applicable, for the employee’s salary plus an 8%
override for tax and benefit related expenses. Failure of the responsible
party to pay the billing will result in the termination of the union leave for the
affected employee.

F. **Medical Leave of Absence:** Any employee who has exhausted all sick leave, and
continues to be absent due to sickness or non-occupational injury in excess of
fourteen (14) calendar days, will be placed on unpaid medical leave of absence
using the standard leave of absence form, and must present proper medical
documentation detailing reason(s), physical limitations, time limits, etc. When an
employee is placed on an unpaid medical leave of absence due to sickness or
injury, the Company will send the employee, via certified U.S. Mail to the
employee’s last known address and return receipt or equivalent carrier, unless the
employee mutually agrees to electronic communication, a personal information
package within ten (10) calendar days from the start of the unpaid leave including
a letter advising of his unpaid leave status, benefit information, and notice of the
requirement for medical substantiation.

1. An employee granted an indefinite medical leave, which does not detail time
limits, shall at the end of the first one hundred eighty (180) day period
reconfirm his sickness or physical disability. If the sickness or disability
continues, the employee may be required to reconfirm his medical
condition, at the end of each one hundred eighty (180) day period.

2. Employees, who exhaust sick leave, due to sickness or occupational injury
and are placed on an unpaid medical leave of absence, will remain eligible
for group health benefits for twelve (12) months at the active Company
subsidized rates provided he pays his share of the cost as if active. At the
end of the 12 months the employee can continue coverage if he pays the
full cost up to the length of the leave.

3. Employees not returning from Medical leave due to sickness or
occupational injury within five (5) years will be deemed to have resigned
from their position. This, however, shall not be automatic. Instead, the
Company, upon request from the employee prior to the expiration of the
five-year term, shall consider whether an additional period of leave of a
specific duration may be reasonable. The Company will provide one
hundred eighty (180) calendar days written notification prior to the expiration
date of the five (5) year period. The notification will be made via certified
U.S. Mail return receipt or equivalent carrier to the employee’s last known
address.

G. Employees on sick leave, personal leave, authorized Union business leave,
medical leave of absence, or occupational injury leave for more than ninety (90)
work days will return to work in accordance with the provisions of Article 14
paragraph O. 3.
1. An employee returning from an authorized leave of absence, or extension thereof, will be returned to the Bid Work Area and Shift held when the leave was granted. If the job no longer exists, or has been filled by a more senior employee, he shall exercise his seniority within his bid area by bumping the junior employee in the bid area. In the event that a returning employee causes another employee to be bumped, the junior employee on the overage shift will be required to bump the junior employee in the bid area.

H. **Military Leave:** Employees will receive a maximum of eighty (80) hours free from duty each calendar year for annual reserve or guard duty. Such leave will not count against the employee’s vacation. The Company will pay the employee the difference between his regular pay and the amount received from the military. Employees will be required to provide the Company with a copy of their military orders and will be required to submit to the Company proof of the amount of pay received from the military within fourteen (14) days after the employee returns. This amount (excluding expenses) will be deducted from the employee’s next paycheck. While an employee is active in the reserve or guard, he will have his days off adjusted, if requested seven (7) days in advance, to attend weekend drill duty.

I. **Political Leave:** Any employee elected or appointed to a full-time governmental office (i.e., Federal, State, Local) will be granted a political leave of absence not to exceed the term of office, or subsequent reelection or reappointment. The application for a political leave must be made in writing to the Company, with a copy to the Union. An employee granted a political leave will retain and accrue classification seniority for the period of the leave, however, no other Company benefits or privileges will be granted or accrued, nor will time on political leave constitute continuous service for pension plan benefits. Employees granted a political leave must give thirty (30) days’ notice of intent to return.

J. **Jury Duty:** An employee who is called for jury service will be excused from work for the days on which he is required to serve and will receive for each day of jury service on which he would have been regularly scheduled to work, the difference between his regular hourly earnings and the actual payment received for jury service. Employees must present proof of jury service and the amount of pay received therefore, if any. When an employee is required to call in or called for such service, he will be transferred to the day shift with Saturday and Sunday as his regular days off. With the completion of his jury service, said employee will return to his former shift and days off, beginning the next week.

K. **Bereavement Leave:** Upon providing proper documentation, employees shall be allowed three (3) work days off without loss of pay if they suffer a death in their immediate family, and up to two (2) additional unpaid days upon request (for a total of five (5) days). Immediate family for the purposes of this paragraph shall include:

To the extent that Company policy provides more expansive bereavement leave benefits, those benefits will be applied to employees covered by this Agreement.

L. Any employee on personal, medical, or occupational leave of absence, of more than seven (7) consecutive calendar days, engaging in gainful employment not provided for in this Article without written permission from the Company and the Union, or engaging in activities which may bring discredit to the Company or its employees, shall be deemed to have resigned and his name stricken from the seniority roster.

M. Unless otherwise specified, employees not returning from any leave (except Medical due to sickness or occupational injury, Military, Union or Political) within three (3) years will be deemed to have resigned from their position. This provision does not apply to furloughs.

N. An employee on any leave of absence will physically report to his station on his first scheduled workday following the expiration of the leave. It is the responsibility of the employee to contact the Company prior to the expiration of his leave of absence to ensure that he knows his schedule and assignment. Failure to report or to secure a renewal of a leave of absence will terminate the leave of absence and his employment. It is the responsibility of the Company to inform the employee of the expiration date of any approved leave of absence. The Company will also inform the employee of the procedures regarding any benefits while on his leave.
O. Any written communication between the Company and an employee on a leave of absence will be via certified or registered United States mail, return receipt requested, or by United Parcel Service or equivalent, confirmation of delivery requested.

1. Any change in address must be filed promptly in accordance with Company Policy.

2. The rights of an employee on a leave of absence under the provisions of this Article, in regard to the maximum duration of a leave, Company seniority accrual, Classification seniority accrual, Pay seniority accrual, vacation accrual, sick leave accrual, credited service for pension, and reinstatement rights are listed in the chart that follows.

**For Medical Leave of Absence only:** In the event the Company plans to modify the travel privilege policy that applies to an Association represented employee on a Medical Leave of Absence, the Company will meet and discuss the modification(s) with the Association to reach a mutual agreement and the Association agrees that it will not unreasonably withhold their agreement.
ARTICLE 26 - LIMITED DUTY

A. Employees who are injured in the service of the Company or have restrictions as a result of an off-the-job illness or injury occurring after the effective date of this Agreement, will be allowed to work in limited duty assignments at their station based on their Classification seniority in accordance with this Article.

B. An occupationally injured employee is required to accept a limited duty assignment within the fleet service classification, provided he is qualified and the duties of the assignment do not exceed the restrictions provided by the employee’s physician. The Company may assign a limited duty employee any work for which he is qualified. An employee assigned to a lower rated classification will be paid the applicable rate for his own classification. An employee assigned to a higher rated classification will be paid the applicable rate for the higher rated classification.

C. Employees who are restricted in performing their job duties as a result of an off-the-job illness or injury, pregnancy or a “disability” will be offered limited duty assignments and may be accepted by the employee on a voluntary basis.

D. Limited duty assignments are offered to the extent that meaningful work is available, as follows:

1. Employees who are able to perform reasonable productive work within their classification, but not substantially all the essential elements of their normal work classification will be provided limited duty for up to ninety (90) work days for an on-the-job injury or up to sixty (60) work days for an off-the-job illness or injury.

2. The limited duty assignment will not exceed the restrictions as provided by the employee’s physician.

3. Employees working limited duty assignments are eligible for shift trades to work or overtime only if they are qualified for the duties of the assignment. Employees working limited duty may shift trade off in accordance with this Agreement. The employee who shift trades to work in these circumstances may be reassigned to full duty.

4. The Company will make every reasonable effort to accommodate employees on his shift and days off. To the extent the Company cannot accommodate the employee on his shift and days off, he will be given a minimum of seven (7) calendar days’ notice to change his shift or days off.

E. Medical appointments associated with the injury, pregnancy or disability while on limited duty should be scheduled around work hours. If employees are unable to do so, they will elect, at their sole discretion, to use sick leave for the time required to be away from work, or compensatory time, or take unpaid time or to reschedule.
lost time on a scheduled shift at a time and date selected by the employee. The lost time must be worked within fourteen (14) calendar days of the absence and will be paid at straight time rates.

F. All requests for limited duty resulting from an on the job injury or off the job illness or injury should be submitted on the appropriate Company form for review by the Company.

G. Where there are insufficient limited duty assignments available, open limited duty assignments will be awarded in seniority order to the employees who can perform the limited duty assignment. Where two or more employees are eligible for a limited duty assignment, such assignment will be awarded to those resulting from on the job injury first.

H. An employee required to leave work to receive immediate medical attention as a result of an OJI will be paid at the applicable rate for all remaining scheduled hours not worked that day.
Limited Duty

During the discussions leading to the Joint Collective Bargaining Agreement (JCBA) for Fleet Service, Maintenance & Related employees, and Stores, the following was agreed to as it relates to Limited Duty.

The Company agrees that any employee on limited duty as a result of an injury on the job or a personal illness or injury suffered, prior to the effective date of the Joint Collective Bargaining Agreement (JCBA) agreement, will be grandfathered under the limited duty terms that applied at the time of the injury or illness and will continue to receive the benefits of such provisions.

If the above accurately reflects your understanding of our agreement, please indicate by signing below.

If you have any questions, please let me know.

Sincerely,

James B. Weel

ARTICLE 27 - FITNESS FOR DUTY/MEDICAL EXAMINATIONS

A. Employees may be required to submit to a Company paid Medical examination at the time of employment and any time two or more members of management concur there is a serious question as to an employee's physical or mental condition that may impair the performance of his duties or pose a safety hazard to himself, other employees, or customers. The employee will be notified in writing which will include an explanation of the reason(s) for the evaluation. The employee shall be furnished a copy of the Company's Medical Examiner's report in writing.

B. Any information obtained by or as a result of a Company's medical examination shall be strictly confidential between the Company, its insurance carriers, the Company's doctor, and the employee, and shall not be divulged to any other person without the written permission of the employee unless required by subpoena, court order or other legal process. This information will be limited to the reason for the medical examination as described in paragraph A.

C. During the time the employee is absent from work under the provisions of this Article, he will be compensated at his regular rate of pay, for his regularly scheduled shifts, exclusive of shift trades, inclusive of seniority and benefits.

D. Should the employee be deemed fit for duty the Company will return him to work immediately, and restore him to his former position consistent with his seniority.

E. If the Company's Medical Examiner determines that the employee is able to return to work with restrictions, the Company will then engage in a conversation with the employee, to determine whether it is reasonable to return the employee to work with restrictions. Upon request of the employee, a union representative may participate in the conversation.

1. If the Company determines it is not reasonable to return the employee to work with restrictions, the employee may appeal the findings of the Company's Medical Examiner under the provisions of paragraph G. of this Article, in writing, within seven (7) calendar days of the Company's notification to the employee.

F. When an employee fails to pass the Company's medical examination, the employee may appeal such actions under the provisions of paragraph G. of this Article, in writing, within seven (7) calendar days of receipt of the Company's Medical Examiner's report.

G. When an employee appeals under this Article, he shall have a review of his case as follows:
1. The employee may employ a Medical Examiner, of his own choosing and expense, for the purpose of conducting a physical/mental examination covering the problem(s) and/or conditions covered by the Medical Examiner employed by the Company which found the employee unfit for duty. The employee must take all necessary steps to schedule this exam in an expeditious manner.

2. A copy of the findings of the Medical Examiner chosen by the employee shall be furnished to the Company and in the event that such findings verify the findings of the Medical Examiner employed by the Company, no further review of the case shall be afforded. If the employee’s Medical Examiner determines that the employee is able to return to work with restrictions, and the Company’s Medical Examiner subsequently agrees, the Company will then engage in a conversation with the employee to determine whether it is reasonable to return the employee to work with restrictions. Upon request of the employee, a union representative may participate in the conversation. If the Company’s Medical Examiner does not agree with the employee’s Medical Examiner that the employee can return with restrictions, then the employee may seek review by a neutral Medical Examiner in accordance with paragraphs G. 3. and G. 4. below.

3. In the event that the findings of the Medical Examiner chosen by the employee disagree with the findings of the Medical Examiner employed by the Company, the Company will, at the written request of the employee, ask that the two Medical Examiners agree upon and appoint a third neutral Medical Examiner, preferably a specialist, for the purpose of making a further medical examination of the employee to determine his fitness for duty. The employee must submit the written request within seven (7) calendar days of receipt of the findings of his Medical Examiner.

4. The neutral Medical Examiner shall then make a further examination of the employee in question, and the case shall be settled on the basis of such findings. If the neutral Medical Examiner determines that the employee is able to work with restrictions, the Company will then engage in a conversation with the employee to determine whether it is reasonable to return the employee to work with restrictions. Upon request of the employee, a union representative may participate in the conversation. Copies of such Medical Examiner’s report shall be furnished to the Company and to the employee.

5. The expense of the third Medical Examiner will be borne by the Company including all expenses related to travel such as airfare and hotel. If the employee fails to show for the scheduled appointment and has no justifiable reason, he will be responsible for any no show fee. This paragraph also applies to employees required to submit to an initial Company medical examination outside of their domicile.
H. The Company’s obligation to compensate an employee who is out of work under this Article shall cease upon the earlier of an employee’s failure to appeal within the specified time limits, failure to attend/schedule appointments or based on a Medical Examiner’s findings as specified above. The Company, however, may excuse an employee’s failure to attend scheduled appointments if it concludes the employee had a justifiable reason.
ARTICLE 28 - SAFETY AND HEALTH

A. The Company hereby agrees to maintain safe, sanitary and healthful conditions in all facilities and to maintain at all times a registered first aid station to take care of its employees in case of accident, injury or illness. No employee will be required to work under unsafe or unsanitary conditions.

Break rooms will be lighted, ventilated and heated in the best manner possible, consistent with the sources of heat, ventilation and light available. Individual lockers will be provided for employees where facilities currently allow.

B. The Company, Union and employees will cooperate toward the prevention of work related accidents, injury or illness and the furtherance of an aggressive safety program.

A Safety Committee will be established at each location where employees hereunder are based. Such Committee shall be comprised of one Company and one Union representative. In any location with two hundred seventy-five (275) or more Fleet Service employees, there shall be up to five (5) members from both the Company and the Union. Unless agreed to otherwise, the Safety Committee shall meet at least once a month to resolve safety issues and review corrective action taken for all lost time accidents which may have occurred. The Union will appoint two full-time system-wide Union Safety Directors who will be paid by the Company.

Reasonable time without loss of pay will be allowed Union members of the local Safety Committee to investigate and handle safety complaints related to their location. Union Safety Committee members will request such time away from work from their immediate supervisor, who shall authorize the leave, as the service allows. Committee members will return to their work places promptly following conclusion of safety related activities. Within five (5) workdays following the investigation, the Union members of the Committee shall provide a written report of the investigation to their immediate supervisor with a copy to the Ground Safety Department.

Union members of the Safety Committee will function in an advisory capacity and will be informed of all lost time accidents. The Union Safety Committee will be given advance notification of testing and will be provided with the results of environmental air, noise and contaminants testing. The Company will post such results in the appropriate location in non-technical terms. The Company shall continue to post OSHA Form 300 for review by the Union at each of its locations. The Safety Committee shall receive and review Company accident, injury and job related illness reports pertinent to the Safety Committee investigations, and make
recommendations to prevent recurrence. Safety Committee members will receive copies of available monthly summaries of employee accidents and injuries and have access, upon request, to specific Company reports resulting from employee on the job accidents or injuries.

The Safety Committee shall receive and investigate complaints regarding unsafe and unsanitary working conditions and make recommendations to resolve the hazards and complaints.

The Safety Committee shall be permitted to monitor the Company’s application and compliance with state, municipal and federal safety and sanitary regulations. The Safety Committee may also make recommendations for the maintenance of appropriate safety and sanitary standards.

Both the Union and the Company shall encourage employees to utilize the Safety Committee for all unresolved safety related matters.

Both the Union and the Company shall cooperate in seeking resolutions to help reduce the accident frequency and severity rates.

In the event of a work place accident that results in loss of life, or limb, the Union Safety Directors shall be notified by the Company of the incident as soon as possible by e-mail, text message and/or phone call. Upon notification the Union Safety Directors shall be deployed to the accident scene on a space positive basis and be permitted to conduct an investigation, in conjunction with the Company, of the accident on behalf of the injured member.

C. Proper and modern safety devices shall be provided for all employees working on hazardous or unsanitary work, such devices to be furnished by the Company. Employees will not be required to use unsafe tools or equipment. However, employees will be expected to report unsafe tools or equipment to the supervisor before refusing to use such defective tools or equipment. The Company will furnish protective apparel, equipment and devices to all employees required to work with acids or chemicals that are injurious to clothing or employees.

The Company will promptly notify the employees and the Union of the use of any material, equipment or procedure known to be hazardous to employees exposed, and the known procedures to control the hazards. The Company will provide the Union with the results of any management or government health and safety survey concerning the employees represented by the Union.

D. Employees injured while at work shall be given medical attention at the earliest possible moment, and employees shall be permitted to return to work without signing any release of liability pending the disposition of settlement of any claims for damage or compensation. Such injured employees who are able to work will
be allowed to obtain medical attention without loss of time. It is the responsibility of the injured employee to report an injury to his immediate supervisor or if unavailable, another member of management, during the work period in which the injury occurred, if physically possible.

D. VISION COVERAGE

The Company will provide the following vision coverage to TWU/IAM Association represented active employees.

The Company will offer a voluntary, employee funded vision plan, and such plan will be available at the same contribution rates as other represented workgroups. The plan design features of the vision plan will be at the discretion of the Company.

F. **MEDICAL COVERAGE – Retirees**

The following is effective for all TWU/IAM Association represented employees retiring on or after DOR:

The HRA account credits may be used for qualified retiree medical expenses for any qualified retiree medical plan. The HRA account credits may only be used to reimburse
the retiree for unreimbursed, substantiated, qualified medical expenses of the retiree and/or eligible dependents up to the retiree’s HRA account credit balance.

The HRA must comply with all applicable laws and regulations. The Company will be responsible for drafting and maintaining the HRA plan documents(s), and will have discretion over all plan-related items not addressed in the Agreement. ARTICLE 31 - UNION SECURITY AND DUES CHECK-OFF

A. It shall be a condition of employment that all current employees represented by the Union shall remain members in good standing of the Union, or in lieu thereof pay a monthly service charge to the Union. It shall be a condition of employment that all new employees hired after the effective date of this Agreement and represented by the Union shall become a member of the Union, or pay service charges in lieu thereof, according to the Union’s designation of the TWU or the IAM as the organization handling representation responsibilities on behalf of the Union at a given work location. The Union has provided the Company with a listing of Company stations or locations where the TWU is designated to handle representation of employees covered by this Agreement and where the IAM is designated to handle representation of employees covered by this Agreement. If the designation of representation responsibilities at current stations or locations is adjusted in the future or a designation is made for a new work station or location, the Association will promptly advise the Company of any such changes.

B. The obligation of new employees represented by the Union to acquire and maintain membership in the Union, or pay service charges in lieu thereof, shall commence sixty (60) days after the beginning of an employee’s employment under this Agreement.

C. The Company will supply the Union with the name, personnel number, and work location of any new employee or transferee covered under this Agreement within fifteen (15) days of the actual report date of said employee. The Company will allow the Union an opportunity during orientation to meet with new employees and transferees regarding union matters.

D. An employee represented by the Union shall not be required to acquire or maintain membership in the Union, or pay a service charge in lieu thereof, if:

1. Membership in the Union is not available to the employee upon the same terms and conditions that are generally applicable to any other employee covered by this Agreement; or

2. The employee's membership in the Union was denied or terminated for any reason other than the employee's failure to pay periodic dues, initiation fees, and assessments (not including fines and penalties) that are uniformly required as a condition of acquiring or retaining membership in the Union. For the purposes of this section, dues, fees, and assessments shall be deemed “uniformly required” if they are required of all employees in the same work classification at the same time in the same Local/Lodge.

E. The following provisions apply to employees represented by the Union who leave employment under this Agreement.
1. Employees who retain seniority under this Agreement and who are regularly assigned or transferred to employment not covered by this Agreement, are on leave, or are furloughed, will not be required to maintain membership or provide financial support as provided in paragraph A. of this Article, but they may do so at their option. Should such employee return to any service covered by this Agreement, he shall as a condition of continued employment become and remain a member in the Union, or pay service charges within thirty (30) days from the date of return to service.

2. The seniority status and rights of employees who serve in the Armed Forces shall not be terminated by reason of any provisions of this Agreement, but such an employee, upon resumption of employment shall as a condition of continued employment become and remain a member of the Union, or pay service charges within sixty (60) days from the date of return to service.

3. If an employee has resigned from the Company and is subsequently rehired, he shall as a condition of continued employment become and remain a member of the Union, or pay service charges within sixty (60) days from the date of rehire.

F. For the purpose of this Agreement, membership in good standing means that the employee represented by the Union is a member of the Union and is not more than sixty (60) days in arrears in the payment of initiation fees, assessments, and membership dues. Alternatively, an employee may not be more than sixty (60) days in arrears in the payment of service charges.

G. When an employee becomes delinquent or not in good standing within the meaning of paragraph E. above, the employee shall be subject to discharge in accordance with the following procedures. Any discharge under the terms of this Article will be based solely upon the failure of the employee to pay initiation fees, assessments, membership dues, or service charges, as specified herein, and not because membership in the Union was denied or terminated upon any other ground.

1. With respect to any discharge under this Article, the internal policy and procedures of the TWU and/or the IAM shall apply. Pursuant to those procedures, the employee shall be provided with notice of any delinquency in payment, the specific amount of payment required, and instructions for making payment within thirty (30) days of the date of the notice. If the required payment is still not received within thirty (30) days following the initial notice, a final notice of delinquency shall be issued, advising that termination of employment will be sought unless full payment in the specified amount is received within thirty (30) days of the date of the final notice. No payments will be accepted after the expiration of the final thirty (30) day notice period. After the expiration of the final notice period, a termination request will be sent to the Company’s Vice-President - Labor
Relations or his/her designee, with a copy to the employee, providing appropriate documentation that the employee has failed to make payments as required under this Article. The Vice-President – Labor Relations or his/her designee will then take all necessary and proper steps to discharge the employee from the Company’s service.

2. An employee discharged by the Company under the provisions of this Article shall be deemed to have been discharged for non-payment of dues or union financial support, and a notation so made on his employment record.

3. An employee who believes that the provisions of this Article pertaining to him have not been properly interpreted or applied may appeal his discharge directly to a neutral referee within ten (10) days after the notification of discharge. If the parties cannot agree on a neutral referee, a referee will be chosen from a panel supplied by the National Mediation Board. The alternate strike method shall be used with the employee initiating the first rejection. Such final selection of a neutral referee shall be accomplished within ten (10) days after receipt of the list of neutral referees. If the parties have not reached agreement by the alternate strike method within the ten (10) day period, the first name listed on the panel provided by the National Mediation Board shall be designated the neutral referee.

4. The hearing before the neutral referee will occur as soon as practicable, and the neutral referee will be requested to issue a decision within thirty (30) days after the hearing. The decision of the neutral referee will be final and binding on all parties to the dispute. The fees and charges for such neutral referee will be borne equally by the employee and the Union. Any other fees, charges and costs incurred relative to the hearing by any party (including legal or attorney fees) shall be borne exclusively by the party incurring the fees, charges and costs.

H. During the life of this Agreement, provided that the Union is still the collective bargaining representative for the employees covered by this Agreement, the Company agrees to deduct from the pay of each employee and remit to the TWU or the IAM, as applicable, membership dues, initiation fees, and assessments, or service charges in lieu thereof, provided that each such employee has voluntarily executed an authorization and assignment form.

1. With respect to current employees covered by this Agreement, any authorization and assignment forms previously executed shall continue in full force and effect according to their terms, with American as the successor to US Airways, Inc. for employees who are IAM members or service charge payers.
2. With respect to employees hired after the date of this Agreement, a form for the purpose of Assignment and Authorization for Payment of Dues or Service Charge shall be prepared by the Union and furnished to the Company.

3. When a new employee properly executes the assignment and authorization form, the original copy will be forwarded to the Company’s payroll department. Any form which is incomplete or improperly executed will be returned to the Union.

4. An employee’s assignment and authorization may only be revoked after the expiration of one year from the date of signing the authorization and assignment form, or upon the termination of the dues/service charge check-off provisions of this Article. Any notice of revocation must be in writing, signed by the employee, and delivered by certified mail to the TWU local union office or the IAM District Lodge office, as applicable.

5. When an Assignment and Authorization form, as specified in this Article, is received by the Company on or before a given payday, deductions will commence with the first regular paycheck following said payday, and will continue thereafter until revoked or cancelled as provided in this Article. The Company will remit to the TWU and the IAM checks in payment of all dues and service charges collected on a given payday on behalf of each, on or as soon after the payday as practicable. The Company remittance will be accompanied by a list of names, personnel numbers, and station numbers of the employees for whom deductions have been made in the particular period, arranged in order of their personnel numbers. Additionally, the remittance will be accompanied by a listing of those employees who are on unpaid leave of absence or furlough, have accepted a position not covered by this Agreement, or have terminated employment with the Company.

6. No dues or service charge deductions will be made from the wages of any employee who has executed an assignment and authorization form and who transfers to a position not covered by this Agreement, is on leave without pay, or is on furlough. Upon return to work in a position covered by this Agreement, deductions will be automatically resumed in accordance with the time frame specified in paragraph E. 1. provided that such employee has not revoked his assignment and authorization in accordance with this Article. An employee who resigns or is terminated from the Company will be deemed to have automatically revoked his assignment and authorization and, if reemployed, further deductions will be made only upon the execution of a new assignment and authorization. Provided, however, if an employee is reinstated following a disciplinary discharge, deductions will resume automatically unless the assignment and authorization has been revoked in accordance with this Article.
7. Deductions for dues and service charges will be made from each paycheck provided there is a balance in the paycheck sufficient to cover the amount after all other deductions authorized by the employee or required by law have been satisfied. In the event of a termination of employment, the obligation of the Company to collect dues and service charges will not extend beyond the pay period in which the last day of work occurs.

8. Following submission of the assignment and authorization for a newly hired employee, a single flat sum deduction for an initiation fee (if applicable) shall be made from the employee’s paycheck, provided that there is a balance in the paycheck sufficient to cover the amount after all other deductions authorized by the employee and required by law have been satisfied.

9. If sufficient earnings do not remain after other deductions as provided in paragraphs H. 7. and H. 8. above, or if there are employees on the payroll that do not have on file with the Company an authorization for deductions as set forth in this Article, the TWU or IAM, as applicable, shall be notified. Notification shall include employee personnel number, name, classification code, department, location and, if applicable, the amount of deduction for each period and total amount for the month. It shall thereafter be the responsibility of the TWU and the IAM respectively to collect amounts owed for which sufficient funds were not available for deduction.

I. The TWU and the IAM each agree to indemnify the Company and hold it harmless against any and all suits, claims, demands and liabilities, which arise out of or by reason of any action taken or not taken by the Company for the purpose of complying with any provisions of this Article. The Company agrees that in the event it is named as a defendant or charged party in any such action, the Company shall promptly notify the Union. The Union shall maintain the exclusive right to defend, settle, mitigate damages, litigate, and/or take whatever action it deems necessary and proper through attorneys of the Union’s choosing and at the Union’s cost. If the Company, nevertheless, decides to retain its own counsel, it shall do so at its own cost, and not at the cost of the Union.

J. The Company will provide for voluntary employee contribution to the Machinist Non-Partisan Political League (“MNPL”) for IAM members and TWU Committee on Political Education (“COPE”) for TWU members through payroll deduction. Eligibility to participate through the payroll deduction program is restricted to those employees of the Company who are certified by the IAM or TWU to participate in the respective programs in accordance with all requirements under applicable federal and state laws. With respect to current employees covered by this Agreement, any MNPL or COPE authorization and assignment forms previously executed shall continue in full force and effect according to their terms.

K. “Union” as used in this Article shall mean the TWU or the IAM, as applicable, which together constitute the Association.
ARTICLE 32 - REPRESENTATION

A. The representation for the effective handling of grievances and disputes between the parties under this Agreement shall be:

The Union will be represented by properly designated Union Representatives in each station, department or location. Union Representatives shall be allowed reasonable time required for authorized Union business during working hours, consistent with the needs of the service and shall be compensated for such time at their straight time rate. "Authorized Union business" is that relating to the investigation of grievances, disciplinary action, hearings, and grievance meetings with officials of the Company. The number of representatives, that confer with management at any one time on any issue, including meetings convened under the provisions of paragraph J., will not exceed the number of management employees present plus one (1) additional representative to act in the capacity of a scribe. In the conduct of such authorized Union business, the Union Representative shall notify his supervisor of his desire to leave his work place, the reason therefore, and shall notify his supervisor of his return. When it is necessary for a Union Representative to enter a department other than his own, as a courtesy he shall notify management, if available, of that department.

B. The Company will be represented by an authorized representative at each point/station/location, who will be empowered to settle all local grievances not involving changes in Company Policy or the intent and purpose of this Agreement.

C. The Union and Company will, at all times, keep the other party advised through written notice of any change in authorized representatives.

D. It is understood that officials of either party having responsibilities under this Agreement may delegate those responsibilities to another authorized representative.

E. International Officers, Accredited Representatives, or Local Officers of the Union will, at any time during regular working hours, have access to the premises of the Company where employees are located, for the purpose of investigating grievances for employees covered by this agreement or other matters directly connected with the operation of this Agreement and its procedures for the settlement of any dispute. As a matter of courtesy, notice of an intended visit will be given to the ranking Company official or his designated representative. A visit will be subject to such reasonable regulations as may be made from time to time by the Company, but the Company will not impose regulations that will render ineffective the intent of this provision nor impair the privacy of any conference necessary to accomplish the purpose of the visit.

F. All hearings will be conducted during regular day shift working hours. Union officers or representative(s), employee(s), and necessary employee witnesses shall
receive their applicable rate of pay while handling grievances or attending hearings.

When the Company conducts an investigation the Union Representative, employee, and necessary employee witnesses, shall receive their applicable rate of pay.

G. No employee selected as an officer or representative of the Union will be discriminated against for lawful activity on behalf of the Union.

H. Service records shall be maintained for all employees by the Company and upon resignation or discharge from the service the employee, upon request, will be furnished with a copy of same. In discharge cases, the employee and his Union representative will have access to the personnel records applicable to the case prior to the holding of any hearing.

I. Union representatives will, upon request of the TWU Local President/IAM General Chairman, be assigned to a fixed shift and days off. The arrangements will be worked out at each station by that Union representative and the local manager.

J. In meetings for the purpose of investigation of any matter which may eventuate in the application of discipline or dismissal, or when written statements may be required, or of sufficient importance for the Company to have witnesses present, or to necessitate the presence of more than one Company supervisor, or during reasonable cause or post-accident drug/alcohol testing as provided for in this Article, the Company will inform the employee, including a probationary employee, of his right to have Union representation present. If the employee refuses representation, the supervisor’s record will reflect his refusal.

At the start of a meeting under the provisions of this Article, the Company will, except in rare and unusual circumstances, indicate the reason that causes the meeting and then provide an opportunity for the employee and his Union Representative to confer for a reasonable period of time. Following that period, the meeting will be reconvened and continue until concluded by the supervisor.

K. Employees covered by this Agreement who are interviewed by a Company Security Department representative as part of a Security Department investigation may, upon request, have a Union Representative present during the interview. If a local Union Representative is not readily available after the request, the Company’s Security Department will not be required to wait for his availability before conducting its interview. However, the employee in that circumstance may request the presence of another Union represented employee (peer witness) to be present. The role of the Union Representative or peer witness will be that of a silent observer only. The Union Representative or peer witness may in no way interfere nor impede the Security Department’s investigation and/or interview.
L. Employees who are required to take a reasonable cause or post-accident drug/alcohol test by the Company may, upon request, have a Union Representative present who shall not suffer loss of pay, as a witness during those parts of the specimen collection process indicated below.

1. In those stations where a local Union Representative is not readily available, the Company will delay the test for up to one (1) hour from the time the employee requests or is notified of his right to Union representation, whichever occurs first, in order to allow the first available representative to be present at the medical facility.

2. If normal travel time to the medical collection facility exceeds one (1) hour, then the one (1) hour waiting period will be extended by the amount of travel time in excess of one (1) hour.

3. Only one (1) Union Representative will be allowed to accompany the employee to the medical collection facility and into the area where the medical collector opens the drug testing kit, completes the relevant paperwork, and secures the kit after completion of the collection process. The Union Representative will be allowed to witness the opening of the collection kit by the collector, the documentation of the chain of custody procedure by the collector and the employee, and the packaging and sealing of the kit for shipment following the collection. The Union Representative will not be allowed to accompany the employee or collector into the restroom.

4. No Union Representative will engage in any activity, which disrupts the collection process. Should the Union Representative engage in disruptive activity, the Union Representative will be required by the Company’s Supervisor to wait in the employee/patient waiting area until the collection process and paperwork have been completed.
ARTICLE 33 - GRIEVANCE PROCEDURE

A. Grievance Steps

An accredited Representative of the Union may investigate, discuss and present a grievance of an employee or employees during regular work hours without suffering loss of pay for time so spent.

The procedure for the presentation and adjustment of disputes or grievances that may arise will be as follows:

Verbal Step

Any employee or group of employees who believe that they have been unjustly dealt with, or that any provision of this Agreement has not been properly applied or interpreted, may present the complaint or grievance in person or to a representative of the Union, who in turn will discuss the matter with the employee’s immediate supervisor, within five (5) calendar days from the time when the employee first has knowledge or should reasonably have had knowledge of the alleged contractual violation that leads to the grievance. The employee’s Supervisor will give a verbal decision to the employee or Union Representative within three (3) calendar days of the discussion. Verbal Step decisions are non-precedential.

Step 1

If the employee is not satisfied with the verbal decision of the employee’s supervisor, the matter, through the Union, must be reduced to writing on a standard grievance form or electronic equivalent, and given to his supervisor or designee within seven (7) calendar days from the supervisor’s verbal decision. Upon receipt, the employee’s supervisor must state in writing his decision and return this form to the Union Representative within seven (7) calendar days from the date he receives the grievance. The Union Representative then must forward this grievance form to the Local Grievance Committee. Step 1 decisions are non-precedential.

Step 2

If no satisfactory adjustment is reached in Step 1, it may be appealed in writing on a standard grievance form or electronic equivalent, through the Union within ten (10) calendar days to the Department Head designated by the Company or his designee. The Department Head or his designee may, at his discretion, establish meeting dates to assist in the timely resolution of such grievances. The Department Head or his designee will render a decision in writing within fourteen (14) calendar days of receipt of the appeal.
Step 3

If no satisfactory adjustment is reached in Step 2, it may be appealed in writing on a standard grievance form or electronic equivalent, through the Union within twenty (20) calendar days after receipt of the Step 2 answer to the Grievance Review Board (GRB). If appealed, the grievance will be reviewed by the GRB or upon request of either party, presented to the GRB. The GRB will consist of four (4) members: the Managing Director of Labor Relations or his designee, one (1) Management designee, and two (2) Union designees. The GRB will meet bi-monthly or sooner if mutually agreed between the parties.

The GRB will render a decision in writing to the Union within fourteen (14) calendar days of the meeting date. The meeting will take place at the corporate offices of the Company, or another location if mutually agreed upon, to discuss those grievances which have not been resolved at the lower steps.

If no satisfactory resolution is reached at the GRB, the grievance and the decision may be appealed to the System Board of Adjustment/Arbitration, as set forth in this Agreement, provided, however, said appeal must be submitted within thirty (30) calendar days from receipt of the decision of the GRB or the grievance will be considered to have been withdrawn by the Union.

B. An Accredited International Representative of the Union or designated Company official who believes that any provision of this Agreement has not been or is not being properly applied or interpreted which has not yet become the subject of an actual grievance, will have the right, within ten (10) calendar days after such alleged misapplication or misinterpretation has been ascertained, to protest such violation, in writing, to the other party, who will evaluate such protest and render a written decision in fifteen (15) calendar days. If no satisfactory adjustment is reached, the grievance and the decision may be directly appealed to the System Board of Adjustment/Arbitration.

The above provision will apply to IAM Assistant General Chairman or TWU Local President with respect to improper application or interpretation of the Agreement affecting a group of employees within their jurisdiction, a grievance will be filed with the designated representative of the Company and begins at Step 3 of the above procedure.

2. If an employee continues to work during an investigation, the company must take disciplinary action, if any, within fourteen (14) calendar days from the time the Customer Service Department learns of the incident upon which such charge(s) is based, with a copy to the local committee and Assistant General Chairman/designated Union representative.

3. If an employee is held out of service during an investigation, he will be compensated for all regularly scheduled hours. The employee will be considered active for all employee benefits, except employee non-revenue travel. Registered passengers are still eligible for travel benefits, in accordance with Company policy. At the end of this investigation, the Company will inform the employee, with a copy to the Union, of the results of the investigation and he will be returned to work or subject to discipline, if any.

D. Disciplinary Grievances Other Than Discharge

In cases of discipline other than discharge, the employee may request a hearing at the Step 1 level. The request for a hearing must be submitted with the written grievance.

The hearing will be scheduled within ten (10) calendar days of the Station Director/Manager’s receipt of the grievance. The Station Director/Manager will render a decision in writing to the employee within ten (10) calendar days of the hearing, and a copy of the decision will be provided to the accredited representative of the Union. If no satisfactory resolution is reached from the Station Director/Manager’s decision, the decision may be appealed in writing on a standard grievance form or electronic equivalent, through the Union within ten (10) calendar days to the Department Head designated by the Company or his

The time limits set forth in this Article may only be waived by mutual written agreement between the IAM Assistant General Chairman or TWU Local President and the Managing Director of Labor Relations; or their designees. Failure of the employee or his Union Representatives to comply with any of the prescribed time limits will withdraw any such grievances from further consideration.

Failure of the Company to answer grievances, other than discharge, within the prescribed time limits at Step 2 of the grievance process will result in a one-time monetary penalty of eight (8) hours additional pay to the grievant. Any monetary penalty paid does not cancel or render any judgment regarding the merits of the grievance. In addition to the monetary penalty above, the Union will have the right to move the grievance to Step 3.

4. For discharge cases, failure of the company to render a decision as prescribed above will result in a monetary penalty equivalent to four (4) hours of pay, as if working, per day at his former regular hourly rate until the decision is issued. Any monetary penalty paid does not cancel or render any judgment regarding the merits of the grievance. In addition to the monetary penalty above, the Union will have the right to move the grievance as described in Step 3.

5. Calendar days referenced in this Article commence the day of the receipt of a grievance or appeal to the Company.
G. Mediation Process

When the Mediation Process is mutually agreed to after completion of Step 3 of the grievance process, the following will apply:

1. The issues mediated will be the same as the issues the parties have failed to resolve through the grievance process. The presentation of evidence is not limited to that presented at any previous step of the grievance procedure. The rules of evidence will not apply and no transcript of the Mediation Conference shall be made.

2. The grievant(s) will have the right to be present for the presentation of the case. Other attendees will include those individuals needed to present the parties’ positions and to reach agreement with the authority to bind their respective parties. Non-participating observers will not be admitted except by mutual agreement of the parties.

3. The Company and the Union shall each appoint a principal spokesperson for the Mediation Conference.

4. The Mediator has the authority to meet both jointly and separately with the parties; however, the mediator has no authority to compel resolution of the grievance.

5. Any grievance settled during a Mediation Conference that is intended to be non-precedent setting shall be so stated in a jointly executed settlement agreement.

6. If no settlement is reached during the Mediation Conference, the Mediator shall provide the parties with an immediate oral advisory decision involving the interpretation or application of the collective bargaining agreement, together with the reasons for his decision, unless both parties agree that no opinion shall be provided.

7. The advisory decision of the mediator, if accepted by the parties, shall not constitute a precedent, unless the parties agree otherwise.

8. Any written material or documentary evidence presented to the Mediator or to the other party shall be returned to the party presenting that material at the end of the Mediation Conference.

9. In the event that a grievance, which has been the subject of a Mediation Conference, is subsequently heard before the System Board of Adjustment, the mediator may not serve as the arbitrator, nor may he be called as a witness by either party in the Board's proceedings. During the System Board proceedings on such a grievance, no reference will be made to the
fact that the grievance was the subject of a Mediation Conference; nor will there be any reference to statements made, documents provided, or actions taken by either the Mediator or the participants during the course of a Mediation Conference, unless the party offering such statements, documents or actions would have had access or entitlement to them outside of the Mediation Conference.

10. By agreeing to schedule a Mediation Conference, the parties are not waiving any procedural arguments that they may have regarding the case. Both the Company and the Union reserve the right to raise jurisdictional or procedural issues notwithstanding their agreement to schedule such a conference.

11. All parties in the Mediation Conference, including the Mediator, are barred from disseminating information pertaining to the conference and/or individual grievances to the public, the media or like source.

12. All mediation fees and expenses will be shared equally between the parties. The Mediation Conference will be held in the same location, as would a System Board hearing.

13. Mediators will be selected by mutual agreement of the parties. If the parties are unable to agree to a mediator, then either party may write to the other appealing the grievance to the System Board.

14. If a mediated grievance is not resolved at the mediation conference, that grievance must be appealed within thirty (30) calendar days to the System Board of Adjustment.

H. Remedy

The hearing officer of any suspension or discharge shall have the authority to grant relief including back pay, seniority and record correction appropriate to cases where it is decided to reduce or eliminate disciplinary penalties determined to be unwarranted under the standard of just cause.

If, as a result of a decision in any of the steps of the grievance procedure, an employee is exonerated, all related corrective action records will be removed from the employee’s personnel file. In addition, if he has been held out of service, he will be reinstated without loss of seniority and he will be paid at regular rates for his regularly scheduled hours as if working.

When it is not mutually agreed that a stenographic report of the proceedings be taken by a public stenographer, the stenographic report of any such investigation or hearing may be taken by either of the parties to the dispute. A copy of such stenographic record will be furnished to the other party to the dispute upon request at a pro rata cost. The cost of any additional copies requested by either party shall be borne by the party requesting them, whether the stenographic record is taken by mutual agreement or otherwise.

Mandatory overtime will first be assigned to temporary employees prior to assigning to permanent employees.

E. The following restrictions apply to temporary employees as outlined in C.4. above:

1. Rate of pay will not be higher than a permanent entry level employee.

2. Will not accrue any seniority.

3. Will not operate motorized equipment.

4. May not be eligible for company benefits (i.e. travel, medical, dental, etc.). If benefits are offered, they will not be greater than benefits offered to employees covered by the collective bargaining agreement.

F. If the company utilizes temporary employees in any work area, no permanent employee will be reassigned or displaced from that work area.
ARTICLE 42 - PART TIME EMPLOYEES

A. Permanent part-time employees may be employed by the Company based on needs of service as determined by the Company. For the first year of this agreement, measured from the first day of the month following its ratification, the number of part-time employees will not exceed thirty-two percent (32%) of the total Fleet Service work force calculated on a system-wide basis, with an annual increase on each anniversary date of one (1%) percentage point up to a maximum of thirty-six percent (36%). The allowable part-time percentage shall be calculated based on an annual twelve-month average of part-time employees as of the first day of each month. If the Company exceeds the annual percentage cap in any year, it will begin the process (as outlined in Article 9 Transfers & Promotions) of offering by bid, upgrade or new hire the number of full-time positions equal to the overage within forty-five (45) days of the beginning of the following measurement year necessary to cure such overage.

B. Full time employees will not be arbitrarily replaced with part time employees

A joint AA-Association part time Fleet Service Review Committee, composed of two (2) representatives from each party, shall be established to review utilization of part time staffing. This committee shall be a standing committee that meets on a predetermined periodic schedule, as well as an ad hoc basis. The committee will have access to the information necessary for making determinations as to whether the part time/full time mix is and continues to be in accordance with the principles outlined above as well as those specific scheduling and staffing provisions outlined in the Agreement. This committee will review part time issues brought to its attention, and will take the necessary and appropriate action to resolve those issues.

C. A monthly report to measure and track the movement of part time and full time employees' headcount per station will be provided to the Association.

D. A monthly report of extended hours by shift for part timers will be maintained at each station and provided to the Association.

Re: New Hire Consideration Between Agreements

This will confirm our understanding reached during negotiations, that qualified employees under the Flight Simulator and Instructor Agreements with a valid transfer request on file will be considered for new hire vacancies in the Fleet Service, Maintenance, and Stores Agreements. The same understanding shall apply in reverse, i.e. a qualified employee covered by the Fleet Service, Maintenance or Stores Agreements with a valid transfer request on file will be considered for new hire vacancies in the Technician or Instructor Agreements.

Very truly yours,

VACATION METHODOLOGY

March 2, 2020

Tim Klima
Airline Coordinator

Mike Mayes
Air Division Director
Transport Workers Union of America

Vacation Methodology

During the discussions leading to the Joint Collective Bargaining Agreements ("JCBAs") the Company and the Association ("Parties") agreed that the vacation methodology in the JCBA for all Association represented employees would be based on an "earn and use for the next year" methodology. The current IAM CBAs covering Legacy US Airways Fleet Service Clerks ("IAM Fleet") and Legacy US Airways Maintenance Training Specialists ("IAM MTS") provide for a "earn and use" in the current year vacation methodology.

To transition these work groups smoothly to the new JCBA vacation methodology, the parties agree that upon ratification of the JCBA, IAM Fleet and IAM MTS will transition to the JCBA vacation methodology as follows:

- For the calendar year 2020 current IAM CBA vacation methodology shall apply, i.e. IAM Fleet and IAM MTS will continue under the current year methodology and application as described in the Collective Bargaining Agreement.

- For the year 2021, IAM Fleet and IAM MTS employees, will be credited a full vacation allowance on January 1, 2021. For example, an employee who has the ability to earn five (5) weeks of vacation in year 2021, will be credited such vacation allowance of five (5) weeks of vacation on January 1, 2021 regardless of the amount of time the employee worked in year 2020. Further, these employees will also not be required to repay the Company for any vacation received in year 2021 as described under the previous Legacy US Airways Collective Bargaining Agreement.

- Beginning in year 2021 IAM Fleet and IAM MTS employees’ will begin to accrue vacation for use in year 2022 under the new JCBA (accrue in 2021 for use in 2022).

Payroll System Transition Agreement

During the negotiations leading to a new Joint Collective Bargaining Agreement, the Company informed the Association of its plan to transition from a “pay current” payroll process to a “pay in arrears” payroll process for any Association members who are in a “pay current” payroll process.

As a result, any employee impacted by this payroll process transition will experience a delay in payroll payment of approximately one week’s pay (i.e., approximately twenty (20) hours for part-time employees and approximately forty (40) hours for full-time employees).

In addition, the Parties agree that any Association members who are currently in a weekly payroll cycle will transition to a biweekly payroll cycle, except for Association members in states where the applicable state law requires a weekly payroll cycle.

To assist with these transitions, the Company will offer the following options, on a one-time basis, to any affected Association members:

Option 1: Employees who are affected by either the payroll process transition or weekly pay transition, may choose to receive an interest free payroll advance from the Company, in an amount equal to twenty (20) hours of such employee’s pay for part-time employees and forty (40) hours of such employee’s pay for full-time employees, to be repaid through payroll deduction. Such employees may choose to repay this payroll advance through equal installments over a period of ten (10) or twenty-six (26) pay periods. Employees who select this option must complete a payroll deduction authorization as required by applicable state law.

Option 2: Employees who are only affected by the payroll process transition to “pay in arrears” (and not the weekly pay transition) may choose to use either compensatory time, accrued vacation, or accrued sick time up to the lower of: (i)
the number of hours in their compensatory time, vacation, or sick bank, or (ii) twenty (20) hours for part-time employees and forty (40) hours for full-time employees.

This agreement is made on a non-precedent non-referable basis. If the Association agrees, please confirm by signing below.

Recalls and Transfers to Newly Opened Stations

During the negotiations leading to a new Joint Collective Bargaining Agreement for Fleet Service Agents, the Company and the Association agreed to reopen and staff five (5) new stations (BNA, DTW, IAH, MSY and SNA). Fleet service agents that have recall to those stations will be recalled first and will have station protection at those stations consistent with the JCBA. The Company may also need to post vacancies in order to initially restaff the five new stations. If the Company posts vacancies to complete the restaffing, fleet service agents who respond to the initial vacancy posting can transfer their station-protection under the JCBA from their existing station to the newly-opened station. Any fleet service agent who responds to subsequent vacancies associated with the restaffing of the five new stations will not transfer their station protection to the newly opened station; however, other applicable system or seniority related protections will continue to exist.

This agreement is made on a non-precedent non-referable basis. If the Association agrees, please confirm by signing below.

Vacation Lump Sum Payment

During the discussions leading to the Joint Collective Bargaining Agreements ("JCBAs") the Company and the Association agreed that if any Association represented employee earned an extra week of vacation as a result of the change in vacation accruals in the vacations tentative agreement, on a one time basis for calendar year 2020 only, the Company will pay out in a lump sum any extra week of earned vacation to any impacted Association employee. During the recent round of negotiations the issue concerning employees retiring from inactive service was discussed. This letter is to confirm that the Company discontinued the practice which required Association Related employees, who are on the seniority roster but not on the active payroll, to return to work for at least one day prior to retirement in order to be eligible for retirement benefits, e.g., flight and medical/dental.

RE: BACKGROUND CHECK

The union has recently raised the question regarding the Company position should a criminal history records check, as required under the TSA fingerprinting regulations, disclose information regarding criminal activity that is not a disqualifying offense within the meaning of the regulations, i.e., is not on the list of disqualifying offenses included in the regulations or did not occur within the last ten years.

The answer is that no information obtained in connection with the CHRC will be used for any purpose not permitted under the regulations. We believe that the regulations as presently written do not provide for the use of any information regarding non-disqualifying offenses and/or any offenses that occurred more than 10 years before the date of the individual’s application for unescorted SIDA access.
