March 13, 2020

Sisters and Brothers of Local 513,

The health and safety of our members is paramount in all situations. While a roll out session explaining language and answering questions concerning our tentative agreement is extremely important, no single meeting or issue is worth the safety of our members. Therefore, the board has decided to cancel the two scheduled roll out meetings planned for March 17th and 19th. This very difficult decision was made to help ensure the safety and health of the membership during this time of uncertainty around this pandemic. We will continue to answer calls, texts and emails with questions and concerns about the contract. Additionally, board members will be in the breakrooms, common areas and gatehouses next week to help answer questions and discuss points about the contract, at various times and shifts per day. Again, we apologize for any inconvenience this decision may cause but we believe it is better to err on the side of caution. Thank you in advance for your understanding.

Sincerely,

Greg Cosey
President
